## NONCODE AGENCIES

**Editor's Note:** Noncode agencies are state government agencies not subject to the governor's direct control. All are full-fledged agencies, meaning they have their own staff, are affiliated with no other agency and appear as a distinct item in the state budget. All statutory references in this section indicate where each agency was created in the Nebraska Constitution, Revised Statutes of Nebraska or both, unless otherwise noted. Appointees to boards, commissions, councils, committees and other state governmental bodies serve until they resign or are replaced after their terms expire.

### Abstracters Board of Examiners

**Office Address:** 301 Centennial Mall South, First Floor, P.O. Box 94944, Lincoln, NE 68509-4944, phone (402) 471-2383, email address — [julie.hoppe@nebraska.gov](mailto:julie.hoppe@nebraska.gov), website — [www.abstracters.nebraska.gov](http://www.abstracters.nebraska.gov)

**Director:** Julie Hoppe

**Statutory Reference:** 76-540

The Abstracters Board of Examiners reviews licensees' practices under the Abstracters Act. The board regulates the registration and certification of individual abstracters and abstracting companies in the state. The board also supervises continuing education programs, investigates complaints and conducts hearings. The board's mission is to ensure Nebraska real estate buyers, or those making payments to be secured by property, are fully informed of that property's legal status.

The board has five governor-appointed members, and no member may be appointed to succeed himself or herself. Three members must be registered abstracters working in the business for at least five years, and one member must be a lawyer with a real estate law background. The fifth member represents the public. No more than two members may be from the same county. At least one member must be from a county having a first class city as its largest city, and at least one member must be from a county with a second class city as its largest city. No two board members can have the same employer. Members serve five-year terms.

The board meets at least twice each year. Members are reimbursed for expenses and paid \$50 per day when conducting board business.

## Nebraska Accountability and Disclosure Commission

**Office Address:** 1225 L St., Suite 400, Lincoln, NE 68509-5086, phone (402) 471-2522, fax (402) 471-6599, email address — [frank.daley@nebraska.gov](mailto:frank.daley@nebraska.gov), website — [www.nadc.nebraska.gov](http://www.nadc.nebraska.gov)

**Executive Director:** Frank Daley

**Statutory Reference:** 49-14,105

The 1976 Legislature created the Nebraska Accountability and Disclosure Commission through the enactment of the Nebraska Political Accountability and Disclosure Act. This act became effective July 1, 1977.

The commission is an independent state government administrative agency. Under the act, the commission administers and enforces state ethics laws, campaign finance laws and lobbying laws. The commission has the authority to issue advisory opinions, adopt rules and regulations, conduct investigations into possible violations of the act and assess civil penalties against anyone found to have violated the act.

The ethics provisions of the act require certain public officials and public employees on state and local levels to file annual statements that disclose their personal financial interests. Written disclosures of potential conflicts of interest must be filed by certain categories of public officials and public employees. The ethics provisions of the act also regulate the hiring or employment of immediate family members, prohibit the use of a public position for personal financial gain and prohibit the use of government resources, property, personnel or funds for nongovernmental purposes.

The lobbying provisions of the act require those attempting to influence the actions of the Legislature on behalf of another to register with the Clerk of the Legislature. The registration discloses the identity of the principal for which the lobbyist is lobbying. Lobbyists and principals file quarterly reports disclosing receipts and expenditures for lobbying purposes. Lobbyists must file statements after the legislative session disclosing the issues they lobbied for or against. The lobbying provisions of the act also restrict the gifts that lobbyists and principals may provide to officials and employees in the executive and legislative branches of government.

The commission consists of eight appointed members and the secretary of state. The governor appoints four members of the commission. Two are appointed from lists of not less than five names submitted by the Legislature and two are appointed from the citizenry at large. The secretary of state appoints four members. One is appointed from a list of no less than five names submitted by the chairperson of the state Democratic Party and one from a list of no less than five persons submitted by the chairperson of the state Republican Party. The secretary of state appoints two from the citizenry at large. The act establishes a geographical and political balance for the commission's appointed membership. No more than three of the appointed members may reside in the same congressional district. No more than four of the appointed members may be registered in the same political party and one must be a registered independent. Appointed members serve six-year terms.

The commission meets approximately eight times per year. Members receive reimbursement for expenses.

## Nebraska State Board of Public Accountancy

**Office Address:** 1526 K St., Suite 410, Lincoln, NE 68508, phone (402) 471-3595, toll-free phone (800) 564-6111, fax (402) 471-4484, email address — dan.sweetwood@nebraska.gov, website — www.nbpa.ne.gov

**Executive Director:** Dan Sweetwood

**Statutory Reference:** 1-107

**Publications:** Roster; rules and regulations of Nebraska State Board of Public Accountancy; annual letter

The 1957 Legislature abolished the Board of Examiners of Public Accountants, which had existed since 1909, and created the Nebraska State Board of Public Accountancy. The board adopts and amends its operating rules within NAC Title 288 and regulations and administers the public accountancy act.

The board also promulgates and amends rules of professional conduct for public accountancy. The board uses the Uniform Certified Public Accountants' Examination to examine candidates and requires two years of experience to become a certified public accountant in Nebraska. Money and fees received by the board are deposited in a separate fund called the Public Accountants' Fund, which is appropriated by the Legislature to operate the board's office.

The board has eight members appointed by the governor to four-year terms. Members include two representatives of the public and six active certified public accountants, two each from the three congressional districts.

In 1991, the Legislature established an educational advisory committee (statutory reference: 1-113) for assisting the board to implement increased educational requirements for candidates taking the CPA examination after Jan. 1, 1998.

The board meets every other month. Members are paid \$100 a day when conducting board business and are reimbursed for expenses.

<sup>1</sup> Political party affiliation: R=Republican; D=Democrat; I=Independent.

## Commission on Public Advocacy

**Office Address:** The Apothecary, 140 N. 8th St., Suite 270, Lincoln, NE 68508, phone (402) 471-7774, fax (402) 471-8087, email — [jpickens@ncpa.ne.gov](mailto:jpickens@ncpa.ne.gov), website — [www.ncpa.ne.gov](http://www.ncpa.ne.gov)

**Chief Counsel:** Jeffery A. Pickens

**Statutory Reference:** 29-3919

The Nebraska Commission on Public Advocacy was created in 1995 to provide property tax relief to counties that are required to provide legal representation to indigent defendants charged with first-degree murder and serious violent or drug-related felonies at trial and on direct appeal. The commission also provides legal assistance to public defenders and court-appointed attorneys. The commission provides property tax relief because counties do not pay for legal services and associated costs. The commission is totally cash funded by filing fees.

LB729, which became law on Jan. 1, 1998, gave the commission additional duties. The bill created the Legal Aid and Services Fund, which the commission uses to provide civil legal services to eligible low-income persons.

LB655, the DNA Testing Act, took effect Sept. 1, 2001. The act allows convicted inmates to request DNA testing of biological evidence that might produce exculpatory evidence. If the district court grants a request for DNA testing, the act requires the Commission on Public Advocacy to represent indigent prisoners and pay for the DNA testing from the commission’s operating cash budget.

In 2008, LB1014 created the Legal Education for Public Service Loan Repayment Fund to provide educational loan forgiveness to lawyers employed in the area of non-profit public legal service. The fund was to be financed by donations, but none were received. In 2014, LB907 revised the law to provide funding for the Legal Education for Public Service and Rural Practice Loan Repayment Assistance Fund. Funding ended after fiscal year 2016-17 but was restored in April 2018. The purpose of the fund is to strengthen legal assistance for low-income Nebraskans by providing educational loan assistance to attorneys who are employed in nonprofit public legal service; who may have language skills other than English; and who are employed in legal profession shortage areas in Nebraska. The program board and the commission typically meet twice per year to develop and oversee the application packet and to process and grant awards to qualifying recipients. Recipients continue to be monitored through quarterly and semi-annual reporting.

LB35, which became law in 2009, turned over operation of the Civil Legal Services

Fund to the commission. Previously, the fund was administered by the State Court Administrator's office. The fund provides grants to civil legal services providers who receive funds from the federal Legal Services Corporation to provide free services to low-income individuals. The money in this fund is derived from filing fees.

The commission consists of nine members appointed by the governor from a list of attorneys submitted by the executive council of the Nebraska State Bar Association after consultation with the board of directors of the Nebraska Criminal Defense Attorneys Association. A member is appointed from each of the six state Supreme Court districts, and three members are appointed at large. Members must belong to the Nebraska State Bar Association and have substantial experience in criminal defense work and civil legal matters that commonly affect low-income persons. Members serve six-year terms and may not be prosecutors, law enforcement officials or judges during their terms of office. The governor designates the chairperson of the commission. Members are reimbursed for expenses.

The commission appoints a chief counsel to manage the Legal Aid and Services Fund, Civil Legal Services Fund, Legal Education for Public Service and Rural Practice Loan Repayment Assistance Fund and the divisions of the commission. The divisions are the capital litigation division, which aids in the defense of Nebraska capital cases; the violent crime and drug defense division, which aids in the defense of such cases; the appellate division, which prosecutes appeals to the Nebraska Court of Appeals and the Supreme Court; the DNA testing division, which aids in representation of such cases and helps pay for DNA testing; and the major case resource center, which helps public defenders, contracting attorneys or court-appointed attorneys in felony representation.

## Nebraska Arts Council

**Office Address:** 1004 Farnam St., Lower Level, Omaha, NE 68102, phone (402) 595-2122, website — [www.artscouncil.nebraska.gov](http://www.artscouncil.nebraska.gov)

**Executive Director:** Suzanne T. Wise

**Statutory Reference:** 82-309

The 1965 Legislature created the Nebraska Arts Council to improve the state's cultural resources. The original act was repealed in 1973 and replaced with new legislation creating a 15-member council, which is charged to "stimulate and encourage throughout the state the study and presentation of the performing and fine arts and public interest and participation therein."

Council members are appointed by the governor, with legislative approval, for three-

year terms. Members must be Nebraskans and known for their professional competence and experience or long-standing interest in the arts. The council oversees agency policy and makes final decisions on grant awards as recommended by review panels. The council meets four times a year. Members are not paid but are reimbursed for expenses.

The Nebraska Arts Council promotes the arts, cultivates resources and supports excellence in artistic endeavors for all Nebraskans by providing grants that support arts activities, developing leadership initiatives and offering publications and reference services available upon request.

The council’s budget from legislative appropriation is supplemented by grants from the National Endowment for the Arts. The council’s budget is granted each year to support arts activities statewide, including basic support grants for local arts councils and arts organizations such as symphonies, art museums, community theaters and dance companies; arts education activities, including artists in the schools; grants for arts and cultural activities organized by schools, community groups and multicultural groups; and fee subsidies for Nebraska performing arts events and exhibitions.

Nebraska Arts Council grants require matching funds or services and are subject to outside review by panels of individuals selected for their expertise in the field. Panelists are selected to represent a balance of geographic, artistic and ethnic interests. Grant review panel deliberations are open to the public, and their recommendations are forwarded to the council for approval.

The NAC supports individual artists with a variety of services. Nebraska artists, writers, composers and choreographers may apply for competitive fellowships, and all Nebraska artists and performers are eligible to apply for inclusion in the artist directory, which schools and communities use to select artists for residencies and performing opportunities. Additionally, the Arts Council has a multicultural initiative and special programs to highlight Nebraska’s traditional artists.

The council is responsible for the Governor’s Arts Awards, the Governor’s Mansion exhibition program and administering the One Percent for Art program for the state. The council collaborates with Mid-America Arts Alliance and other state and federal agencies in a number of activities.

## Board of Barber Examiners

**Office Address:** 1220 Lincoln Mall, Suite 100, P.O. Box 94723, Lincoln, NE 68509-4723, phone (402) 471-2051, fax (402) 328-6231, email address — [barbers.board@nebraska.gov](mailto:barbers.board@nebraska.gov), website — [barbers.nebraska.gov](http://barbers.nebraska.gov)

**Director:** Ken Allen

**Statutory Reference:** 71-221

**Publications:** Laws, rules and regulations governing barbers, barber shops and schools of barbering; sanitation rules; newsletter

The 1927 Legislature created the Board of Barber Examiners as an agency of the Department of Public Welfare. In 1943, the Legislature transferred the board to the Department of Health's jurisdiction. The 1963 Legislature established the board as an independent agency to administer state barbering laws. The board:

- issues licenses
- administers licensing exams
- inspects barber shops and schools for sanitation
- investigates complaints and conducts hearings
- negotiates reciprocal barbering licensing agreements
- sets rules and regulations for the administration of barbering laws

The board has three members, appointed by the governor, who serve three-year terms. The governor usually appoints one member from each Nebraska U.S. congressional district, although this is not required by state law. Members must be practicing barbers.

The board meets at least four times a year, and is supported entirely by fees assessed to licensees. Members are paid \$75 a day when conducting board business and are reimbursed for travel expenses.

The 2000 Legislature passed LB352, which created the Nebraska Commission for the Blind and Visually Impaired. The board carries out the act, which provides for services to assist blind persons in gaining remunerative employment, enlarge economic opportunities for blind persons, increase the available occupational range and diversity for blind persons and stimulate other efforts to aid blind persons in becoming self-supportive.

The board has five members appointed by the governor. The board shall consist

of members having reasonable knowledge or experience in issues related to blindness and shall be appointed for staggered terms. Subsequent appointments shall be for terms of four years with no board members appointed to more than two consecutive terms. At least three board members shall be blind persons. One member shall be a member or designee of the National Federation of the Blind of Nebraska; one member shall be a member or designee of the American Council of the Blind of Nebraska; and one member may be a member of another consumer organization of the blind. Board members shall receive a per diem of \$70 for each day spent in the performance of their official duties and shall be reimbursed for expenses.

## Nebraska Brand Committee

**Office Address:** 411 Niobrara, Alliance, NE 69301, phone (308) 763-2930, fax (308) 763-2934, email address — [john.widdowson@nebraska.gov](mailto:john.widdowson@nebraska.gov), website — [www.nbc.nebraska.gov](http://www.nbc.nebraska.gov)

**Executive Director:** John Widdowson

**Statutory Reference:** 54-191

The 1941 Legislature created the Nebraska Brand Committee to protect Nebraska brand and livestock owners from livestock theft through a brand recording, brand inspection and livestock theft investigation staff.

The committee’s hired director keeps a record of all proceedings, transactions, communications and official committee acts. He or she also keeps committee records and performs other duties as the committee requires. The executive director serves as the chief brand investigator, the chief brand inspector and the Brand Committee head. Currently, the executive director also serves as brand recorder.

The committee records all new brands, brand transfers and brand renewals and keeps a recorded brand book. About 33,500 brands are recorded in Nebraska.

The committee’s hired investigative staff reports thefts or missing livestock and identifies the owners of strays or cattle with an unknown owner.

An average of 45 full-time inspectors and 48 intermittent inspectors inspect all cattle moved from any point in a brand area to anywhere outside the area and all cattle that change ownership. Inspection fees pay for the agency’s operations. During the 2016-17 fiscal year, 3,787,707 head of cattle were inspected. A total of 969 stray cattle were recovered during this period.

The Nebraska Brand Committee is composed of five members appointed by the governor to four-year terms. At least three members must be active cattlemen and at least one must be an active feeder in Nebraska’s brand inspection area. Members must

own cattle within the brand area, be brand owners and have cattle raising or feeding as their principal occupation. The committee meets quarterly. Members are not paid but are reimbursed for expenses.

The secretary of state and the director of agriculture, or their designees, are non-voting, ex officio members of the Brand Committee.

## Board of Trustees of the Nebraska State College System<sup>2</sup>

**Office Address:** 1327 H St., Suite 200, Lincoln, NE 68508, phone (402) 471-2505, fax (402) 471-2669, email address — [nscs@nscs.edu](mailto:nscs@nscs.edu), website — [www.nscs.edu](http://www.nscs.edu)

**Chancellor:** Paul Turman

**Statutory References:** Nebraska Constitution, Article VII, Section 13; and 85-301

The Board of Trustees of the Nebraska State College System has control of Nebraska's state colleges at Chadron, Peru and Wayne. The mission of the Nebraska State College System (NSCS) is to serve students, communities and the state by providing high quality, affordable and accessible educational opportunities.

The state colleges aim to:

- provide a safe, stimulating, caring and enriching learning experience
- meet the changing needs of students and the state
- assure financial and geographic access to NSCS institutions
- offer a variety of academic programs
- maintain affordable tuition and fees
- foster cooperative ventures among NSCS institutions and other agencies and organizations

- emphasize participation in public service
- recruit and retain quality faculty and staff.

The Board of Trustees of the Nebraska State College System is responsible for policy oversight of the NSCS. The board governs the system with guidance from the Nebraska Constitution and state statutes. Corporate bylaws, the NSCS Policy Manual and collective bargaining agreements with faculty, professional staff and support staff provide further guidance and structure for system operations.

The board was created by an 1867 law. Through a 1921 constitutional amendment, normal school government was vested in a seven-member board called the Board of Education of State Normal Schools. Normal schools were renamed state schools by the 1936 Legislature. The board's name was changed to its current name in 1969. Later

---

<sup>2</sup>For more information on Nebraska's three state colleges, see Pages 880-883.

that year, the Legislature made the board a public corporation so it could issue bonds to build dormitories and other student service buildings.

The board has seven members, six of whom are appointed by the governor to six-year terms with legislative approval. The Nebraska commissioner of education serves as an ex officio member. The governor also annually appoints a nonvoting student board member from each of the state colleges.

The board meets as necessary, generally six times a year. Members are not paid but are reimbursed for expenses.

Corn Development, Utilization  
and Marketing Board

**Office Address:** 301 Centennial Mall South, Fourth Floor, P.O. Box 95107, Lincoln, NE 68509-5107, phone (402) 471-2676, website — [www.nebraskacorn.gov](http://www.nebraskacorn.gov)

**Executive Director:** Kelly Brunkhorst

**Statutory Reference:** 2-3604

**Publications:** Quarterly report; program educational materials

The Corn Development, Utilization and Marketing Board was created by the Corn Resources Act of 1978. The board administers a self-help program for corn producers that is paid for by a one-half of 1 cent per-bushel checkoff, paid by the corn producer and collected by the first buyer. The board uses this money for market development, research, promotion and education.

To provide an international and domestic market development program for corn producers, the board works with the U.S. Grains Council, the U.S. Meat Export Federation and the National Corn Growers Association. The board publishes a quarterly report and educational materials to tell producers how program money is being spent.

The University of Nebraska’s Institute of Agriculture and Natural Resources conducts research projects on production, environment and development of new industrial uses for corn with the support of checkoff funds.

Eight board members are appointed by the governor, with one each coming from the state’s eight corn districts. The governor selects each appointee from candidates who have filed petitions with the board. Petitions must be signed by 50 growers from their district. Board members must be at least 21 years old and Nebraska residents who have grown corn in the state for at least five years before their appointment. Members must

derive considerable income from growing corn to be qualified. The board chooses an at-large ninth member. Members serve three-year terms.

Ex officio board members include the director of the Nebraska Department of Agriculture, the vice chancellor of the Institute of Agriculture and Natural Resources, and the Nebraska Corn Growers Association president.

The Corn Board meets at least four times a year. Members receive \$25 a day when working on board business and are reimbursed for expenses.

## Nebraska Dairy Industry Development Board

**Contact Person:** Rod Johnson, Administrator, 6409 Tanglewood Lane, Lincoln, NE 68516, phone (402) 853-2028, email address — [rjohnson@midwestdairy.com](mailto:rjohnson@midwestdairy.com)

**Statutory Reference:** 2-3951

The Legislature created the Dairy Industry Development Board in 1992 as a contingency measure in the event Congress repeals federal legislation governing dairy promotion programs. The state board was granted authority to act when such a federal order went into effect.

Currently, 15 cents per hundredweight of milk is collected by “first purchasers” of commercial milk. Ten cents of that amount is remitted to the Nebraska Dairy Industry Development Board, while the remainder is remitted to the National Dairy Board. The funds are used to promote the use of dairy products.

Board members must be residents of the state who are at least 21 years old and who have been actively engaged in the production of milk for at least five years. To qualify for membership, a substantial portion of income must be derived from milk production.

Milk producers choose nominees among themselves for board membership. First purchasers of milk select candidates from the nominees whose names are forwarded to the governor. The governor selects one-half of the submitted candidates to serve three-year terms.

Commission for the Deaf and Hard of Hearing

**Office Address:** 4600 Valley Road, Suite 420, Lincoln, NE 68510-4844, phone (402) 471-3593 (V/TTD), toll-free phone (800) 545-6244, website — [www.ncdhh.nebraska.gov](http://www.ncdhh.nebraska.gov)

**Executive Director:** John C. Wyvill

**Statutory Reference:** 71-4728

The Commission for the Deaf and Hard of Hearing advocates public policies and programs to improve existing services for the deaf and hard of hearing and promotes the development of new services. The commission provides information on hearing loss and available services to the public.

The commission has nine members appointed by the governor to three-year terms with approval of the Legislature. Members include three deaf persons, three hard of hearing persons and three persons who have an interest in and knowledge of deafness and hearing loss issues. A majority of the members who are deaf and hard of hearing shall be able to express themselves through sign language. Members must be familiar with the problems the deaf and hard of hearing face in Nebraska.

The commission meets four times a year. Members are not paid but are reimbursed for expenses.

## Dry Bean Commission

**Office Address:** 4502 Ave. I, Scottsbluff, NE 69361, phone (308) 632-1258, email address — [driediblebeans@nebraska.gov](mailto:driediblebeans@nebraska.gov), website — [www.nebraskadrybean.com](http://www.nebraskadrybean.com)

**Executive Director:** Lynn Reuter

**Statutory Reference:** 2-3745

The Dry Bean Commission was established to encourage dry bean growers and processors to develop and expand research, education and promotion of dry bean and bean product programs. The commission also provides a way for Nebraska dry bean growers and processors to finance programs to achieve the purposes of the Dry Bean Resources Act.

The commission has 10 members. Six must be bean growers and three must be dry bean processors. The director of the Panhandle Research and Extension Center serves as an ex officio member.

Of the six grower members, four are appointed by the governor and represent the four dry bean districts. The other two are at-large members appointed by the commission, with one representing districts 1 and 2 and the other representing districts 3 and 4. Members serve three-year terms and cannot serve more than two terms. Grower member candidates must submit an application and a petition signed by at least 10 dry bean growers living in the candidate's district. Each candidate must be a Nebraska resident who is at least 21 years old, has been a dry bean grower in the state for at least three years and makes much of his or her income from growing dry beans.

Dry bean processors are appointed by the governor in the same way as growers, serve the same length of term and must meet the same application requirements. Each candidate must be a Nebraska resident and have been in business in Nebraska for at least three years.

The commission meets at least four times per year. Members are not paid but are reimbursed for expenses.

State Board of Education

**Contact Persons:** Matthew L. Blomstedt, Commissioner of Education, Nebraska State Department of Education, 301 Centennial Mall South, Sixth Floor, P.O. Box 94987, Lincoln, NE 68509-4987, phone (402) 471-5020

Statutory References: Nebraska Constitution, Article VII, Sections 2 and 3; and 79-301 through 79-320

The State Board of Education is an elected, constitutional body that sets policy and ensures that the State Department of Education functions effectively in carrying out duties established in the Nebraska Constitution and developed by the Legislature and the board. By law, the board and the department have broad leadership functions to carry out certain regulatory and service activities.

Statewide oversight of education in Nebraska began in February 1869 when the Legislature created the office of the state superintendent of public instruction. The office was included in the state constitution of 1875. In 1920, the constitution was amended to have the superintendent serve a four-year term beginning in 1923.

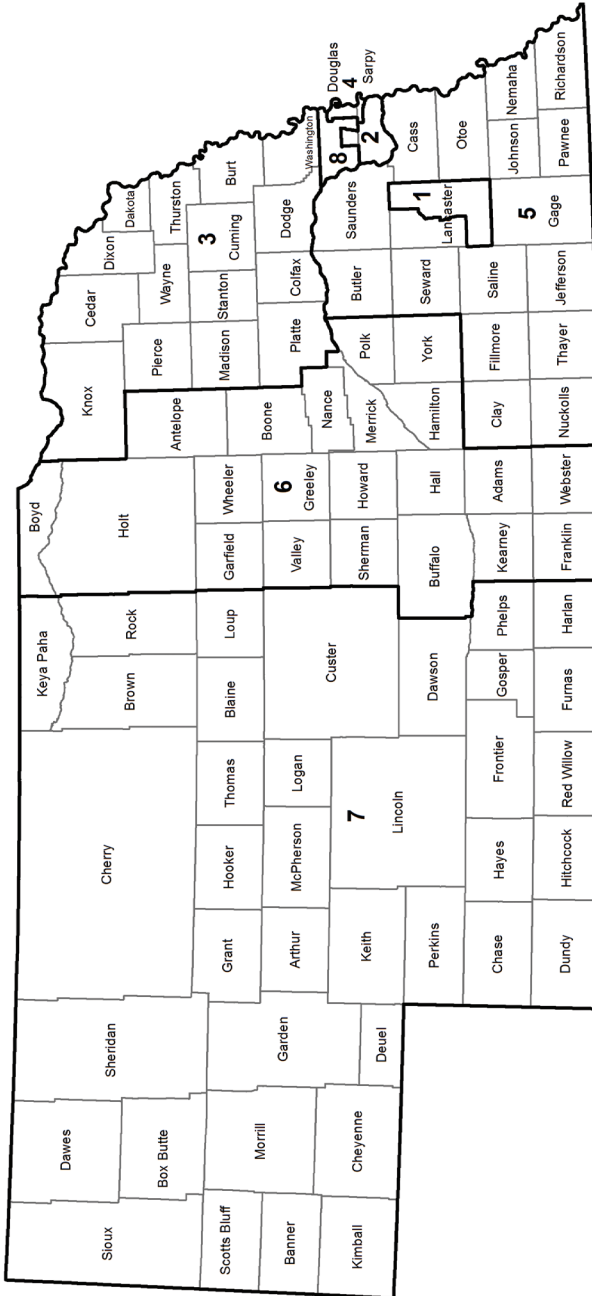

A 1952 constitutional amendment established the State Department of Education, which consists of the State Board of Education and the commissioner of education. The duties of state superintendent of public instruction were transferred to the State Department of Education or the commissioner of education effective January 1955.

Voters amended the Nebraska Constitution in 1966 to increase membership of the state board from six to eight members, and in 1967 the Legislature divided the state into eight districts effective January 1969.

The board is elected on a nonpartisan ballot, with one member from each district. Board members serve four-year terms. Board members are not paid but are reimbursed for expenses.

**Office Address:** 301 Centennial Mall South, Sixth Floor, P.O. Box 94987, Lincoln, NE 68509-4987, phone (402) 471-2295

**Commissioner:** Matthew L. Blomstedt, email address — matt.blomstedt@nebraska.gov

### **Deputy Commissioners:**

• Deborah A. Frison, School Improvement, Support and Services, email address — deborah.frison@nebraska.gov

• Steve Milliken, Student and Client Success and Services, email address — steve.milliken@nebraska.gov

• Brian L. Halstead, Agency Support and Services, email address — brian.halstead@nebraska.gov

**Statutory References:** Nebraska Constitution, Article VII, Section 2; and 79-301

In 1952, Nebraska voters approved a constitutional amendment proposed by the Legislature to establish the State Department of Education that consists of the State Board of Education and the commissioner of education. A new state educational structure that began in 1955 transferred the powers and duties held by the state superintendent of public instruction to the State Board of Education, the State Department of Education or the commissioner of education.

The department is organized into divisions and offices that interact to operate the agency and carry out the duties assigned by state and federal statutes and the policy directions of the state board.

### *Commissioner of Education*

**Statutory References:** Nebraska Constitution, Article VII, Section 4; and 79-301 and 79-304

The commissioner of education is appointed by the State Board of Education and acts as the board's executive officer and secretary and as the administrative head of the department. With help from the deputy commissioners and office administrators, the commissioner of education serves as the state school officer and directs the promotion and improvement of education in Nebraska pre-kindergarten, elementary and secondary schools. The commissioner also is responsible for certain facets of postsecondary education and adult education.

Additionally, the commissioner's responsibilities include:

- internal administration of the department
- interpreting laws that involve schools and ensuring compliance with school laws
- planning, with the board and staff, a public statement of education goals and developing programs to respond to those goals; training and developing staff in planning and evaluation skills; reporting progress toward goals to the public through evaluation
- providing schools and the public with school and education information and approving department publications
- preparing the agenda for State Board of Education meetings; keeping the board

informed; providing the board facts to help it act on issues

By law, the commissioner of education is an ex officio member of the Board of Trustees of the Nebraska State Colleges, the Nebraska Educational Telecommunications Commission and the State Committee for the Reorganization of School Districts.

### *Education System Leadership and Support*

The department carries out its duties on behalf of 329,000 students in 244 public school districts and 37,000 students in 192 nonpublic school systems. The department also maintains the required records for students educated in settings exempt from state approval or accreditation. The staff of the department interact with school districts to help develop and refine local school improvement plans. The department provides technical assistance and offers extensive training opportunities. Many improvement efforts are conducted cooperatively with the 17 educational service units that assist schools on a regional basis. The department also collaborates with other state agencies, professional education associations and institutions of higher education to coordinate and improve services to schools. School improvement activities are conducted or facilitated by a number of the department's offices, sections and programs. For current statistics, see the Nebraska Department of Education websites at [www.education.ne.gov](http://www.education.ne.gov) and [nep.education.ne.gov](http://nep.education.ne.gov).

### *Division of School Improvement, Support and Services*

**Contact Person:** Deborah A. Frison, Deputy Commissioner, email address — [deborah.frison@nebraska.gov](mailto:deborah.frison@nebraska.gov)

This division ensures that all Nebraskans regardless of background or circumstances have equitable access to opportunities for success. The division consists of several offices that build capacity and improve all schools.

### **Accountability, Accreditation and Program Approval**

**Contact Person:** Brad Dirksen, Office Administrator, phone (402) 471-2444, email address — [brad.dirksen@nebraska.gov](mailto:brad.dirksen@nebraska.gov)

To ensure equity of opportunity for all K-12 learners, the Accountability, Accreditation and Program Approval office provides statewide leadership through the development, promulgation and administration of approval and accreditation standards for all public and private schools, interim programs and educational service units. Quality learning is encouraged and supported through the development and facilitation of school and agency improvement procedures that incorporate alignment of academic goals and standards with the use of data resources.

Regulations adopted by the State Board of Education establish standards for staffing, programs of study, academic content standards and assessment, technology requirements, facilities, instructional supplies and school performance reports. Accountability, Accreditation and Program Approval office staff visit school systems to monitor implementation of regulations, coordinate activities that are part of the required school improvement and external visitation processes and facilitate regional accreditation of Nebraska schools through Cognia — one of six regional accrediting agencies recognized by the U.S. Department of Education. In addition, the team administers regulations for

local teacher evaluation policies, provides a liaison to the Nebraska School Activities Association, coordinates accreditation of educational service units and serves in other advisory roles.

A State Accreditation Committee (statutory reference: 79-703), composed of school representatives, community members, educational service unit staff and higher education representatives, advises the commissioner of education on matters relating to the content and implementation of accreditation standards.

The office also manages regulations related to the preparation of certified educators and approval of educator preparation programs. This includes providing leadership and technical assistance to educator preparation programs that are approved by the State Board of Education. Recommendations to the board are made with input from the Nebraska Council on Teacher Education, an advisory body composed of teachers, teacher education program representatives, administrators and representatives of other educational organizations. Additional responsibilities include management of the annual Teacher Vacancy Survey, the Teach in Nebraska website, the Master Teacher Program and the Excellence in Teaching Act forgivable loan program.

*Accountability for a Quality Education System, Today and Tomorrow (AQuESTT)*

**Contact Person:** Lane Carr, Director, phone (402) 471-3138, email address — [lane.carr@nebraska.gov](mailto:lane.carr@nebraska.gov)

The Accountability and AQuESTT section is responsible for developing and implementing the state's school and district accountability system and coordinating continuous school improvement activities. The Nebraska Department of Education develops and maintains the accountability system based on multiple student achievement indicators (statutory references: 79-760.06 and 79-760.07). The AQuESTT system has four levels of school and district classification — Excellent, Great, Good and Needs Improvement. Additionally, the department must designate no fewer than three priority schools from the Needs Improvement classification level. It is the responsibility of this section to support the improvement of the priority schools. Furthermore, the section leverages resources to support priority schools, Needs Improvement Schools and the continuous improvement of all schools. The classification and designation of schools and districts can be found at [www.aquestt.com](http://www.aquestt.com) and [nep.education.ne.gov](http://nep.education.ne.gov).

*Educator Certification*

**Contact Person:** Clayton Waddle, Director, phone (402) 471-0739, email address — [clayton.waddle@nebraska.gov](mailto:clayton.waddle@nebraska.gov)

The certification process for Nebraska teachers and administrators is defined by state law and State Board of Education regulations. Certification applicants are required to complete an approved teacher or administrator preparation program, a basic skills test, content test, human relations class and special education training. First-time applicants who have not lived in Nebraska continuously for the past five years must submit fingerprints. Other specific requirements as outlined in rule may be reviewed at [www.education.ne.gov/tcert](http://www.education.ne.gov/tcert). Educator certification staff respond to questions at [ndc.tcertweb@nebraska.org](mailto:ndc.tcertweb@nebraska.org).

*Private Postsecondary Career Schools and Veterans Education*

**Contact Person:** Marisol Birth, Director, phone (402) 471-4825, email address — [marisol.birth@nebraska.gov](mailto:marisol.birth@nebraska.gov)

This section implements state statutes governing private postsecondary career schools and their recruitment of students, provides consumer protection and ensures that quality standards are met. This work is assisted by the Private Postsecondary Career Schools Advisory Council (statutory reference: 85-1607), which makes recommendations to the State Board of Education concerning private postsecondary career schools. Veterans education programs, in public and private secondary and postsecondary institutions and on-the-job training and apprenticeship programs at businesses, are approved and monitored in accordance with U.S. Department of Veterans Affairs requirements.

**Coordinated School and District Support**

**Contact Person:** Shirley Vargas, Office Administrator and School Transformation Officer, phone (402) 471-4301, email address — [shirley.vargas@nebraska.gov](mailto:shirley.vargas@nebraska.gov)

The office of Coordinated School and District Support coordinates school improvement support efforts across the agency and with education partners to ensure meaningful support services and resources are provided to schools. The Teacher and Principal Support section focuses on development and retention of effective educators. The section uses the Nebraska Teacher and Principal Performance Standards and Nebraska teacher and principal evaluation models developed by the agency and Nebraska education stakeholders (statutory reference: 79-308). The section also coordinates educator effectiveness initiatives with educational service units, other department programs, educator preparation programs and Nebraska school system personnel.

**Early Childhood**

**Contact Person:** Melody Hobson, Office Administrator, phone (402) 471-0263, email address — [melody.hobson@nebraska.gov](mailto:melody.hobson@nebraska.gov)

The office of Early Childhood promotes the development of a voluntary state-wide system of effective, coordinated school and community-based early childhood and family education, in collaboration with other child and family serving agencies and groups. The office monitors school and ESU-operated early childhood education programs, provides and supports the professional development of teachers and caregivers in school and community-based programs, coordinates task forces that focus on the needs of young children and their families and develops guidelines for quality childcare and preschool programs.

*Step Up to Quality*

**Contact Person:** Lauri Cimino, Director, phone (402) 471-0348, email address — [lauri.cimino@nebraska.gov](mailto:lauri.cimino@nebraska.gov)

In collaboration with the Nebraska Department of Health and Human Services, Step Up to Quality helps early child care providers and educators recognize and improve early childhood education quality (statutory reference: 71-1964). Programs enrolled in Step Up to Quality have access to coaching and resources that help them on their path to higher quality. The program's website is [www.education.ne.gov/StepUpToQuality/](http://www.education.ne.gov/StepUpToQuality/)

index.html and the toll-free phone number is (844) 807-5712.

*Early Childhood Training Center*

**Contact Person:** Meleah Gamvroudis, Director, phone (402) 557-6880, email address — [meleah.gamvroudis@nebraska.gov](mailto:meleah.gamvroudis@nebraska.gov)

The ECTC (statutory reference: 79-1102) provides, coordinates and approves training for licensed child care providers and distributes materials for staff working in home, center and school-based programs in Nebraska. The ECTC provides leadership for the Early Learning Connection, the state's early childhood professional development system. These services are delivered through seven regionally grant-funded professional development partnerships that are located throughout the state. The ECTC also provides a toll-free information line, (800) 89-CHILD, and website — [www.education.ne.gov/oec/](http://www.education.ne.gov/oec/) to assist early education and care professionals and families of children through age eight.

*Head Start State Collaboration*

**Contact Person:** Joan Luebbers, Director, phone (402) 471-2463, email address — [joan.luebbers@nebraska.gov](mailto:joan.luebbers@nebraska.gov)

The office of Early Childhood houses the Head Start State Collaboration project. Its purpose is to ensure that the needs of children in poverty and their families are represented in state-level initiatives and discussions. The director and staff work to ensure collaboration among programs serving children in the federal Head Start and Early Head Start programs to reduce duplication and increase effectiveness of all systems.

**Teaching, Learning and Assessment**

**Contact Person:** Cory Epler, Office Administrator and Academic Officer, phone (402) 471-3240, email address — [cory.epler@nebraska.gov](mailto:cory.epler@nebraska.gov)

The Teaching, Learning and Assessment office provides leadership, service and support to help all learners become contributing and fulfilled members of society by: providing leadership, content expertise and technical assistance related to teaching and learning; coordinating processes to develop and implement content-specific standards for grades K-12; designing, developing and facilitating learning experiences for students and educators; establishing and fostering strategic partnerships among state agencies, nonprofit organizations, postsecondary education institutions and/or business and industry partners; and collaborating with and advising other NDE offices, the State Board of Education and the Legislature on matters related to teaching and learning.

The office is noted for facilitating the process of developing state-approved content standards for grades K-12, fulfilling the requirement of Nebraska Revised Statute 79-760.01. As required by law, the standards adopted by the State Board of Education cover the subjects of reading, writing, mathematics, science and social studies. The board develops a plan to review and update the standards every seven years.

In addition to the above content standards required by law, the department has developed content standards for fine arts, physical education, health education and world languages. The content area standards provide a framework for ensuring quality instruc-

tional programs at the elementary, middle and secondary levels (as required by Rule 10).

The office also provides support and technical assistance to school districts related to the implementation and assessment of state-approved content standards.

The office consists of content area specialists, student learning specialists and program specialists providing support related to teaching and learning. Content area specialists represent content areas included in K-12 instructional programs including: English language arts education; fine arts education; high ability learning; mathematics education; physical and health education; science education; social studies education; and world language education.

Finally, the office supports digital learning and technology planning in schools, technology infrastructure development and school librarians. It also coordinates the broader aspects of digital learning tools and supports.

### *Statewide Assessment*

**Contact Person:** Jeremy Heneger, Director, phone (402) 471-2495, email address — jeremy.heneger@nebraska.gov

This section directs statewide assessment for student learning in grades 3-8 in English language arts and math and grades 5 and 8 in science for students in public schools (statutory reference: 79-760.03). The office also assists with public school students in grade 11 taking the ACT. General summative assessments measure student performance against state content area standards, showing how learning compares to expectations. Assessments are administered by Northwest Evaluation Association. The English Language Proficiency Assessment for the 21st Century annually assesses the English proficiency of all English learners, as required by Rule 15.

### *Multicultural Education*

The Multicultural Education section oversees the implementation of Nebraska's Revised Statute 79-720. The statute requires each school district to incorporate into all phases of curriculum (grades K-12) a multicultural education program. This section ensures that equity is considered across all agency offices, sections and programs.

### *Division of Student and Client Success and Services*

**Contact Person:** Steve Milliken, Deputy Commissioner, email address — steve.milliken@nebraska.gov

This division seeks to increase the number of Nebraskans who are ready for success in postsecondary education, career and civic life.

### **Career, Technical and Adult Education**

**Contact Person:** Katie Graham, Office Administrator, phone (402) 471-3104, email address — katie.graham@nebraska.gov

The office of Career, Technical and Adult Education provides leadership, technical assistance and funding to expand and improve career technical education programs in Nebraska school districts at the middle and secondary level as well as the two-year public postsecondary colleges. The office provides instruction for adults 16 and older

who have withdrawn from school and/or function at or below grade 12 level. This includes individuals who wish to earn a General Education Development credential, learn the English language, learn basic reading, writing and numeracy skills or prepare for employment and/or postsecondary education.

### *Nebraska Career Education*

The Nebraska Career Education section aligns career education programs to local, regional and statewide workforce and economic development needs and priorities. The section develops more fully the academic, career and technical skills of secondary and postsecondary students who elect to enroll in career technical education programs. Annual accountability evaluation and reporting on the participation and performance of all career education students is also a responsibility of this office.

### *Adult Education*

**Contact Person:** Tate Lauer, Director, phone (402) 471-4807, email address — [tate.lauer@nebraska.gov](mailto:tate.lauer@nebraska.gov)

The Adult Education section oversees and manages funding to support adult education programs that provide basic skills improvement, high school equivalency preparation classes, English Language Acquisition, Integrated English Literacy and Civics Education and transitional support through workforce system partners to residents of Nebraska who are 16 and older. The programs are designed to effectively assist enrolled students in earning a secondary school credential and to assist in the transition to postsecondary education, training and/or employment. This includes individuals who wish to earn a GED credential.

Programs are funded primarily with federal funds from Title II of the Workforce Innovation and Opportunity Act of 2014 and the Adult Education and Family Literacy Act. Eleven programs offer classes at approximately 150 sites throughout the state.

The GED testing program is sponsored by the GED Testing Service of the American Council on Education, Pearson Vue and the Nebraska Department of Education. Nebraska's GED testing centers administer the national examination, which measures the skills and competencies of a high school graduate and is aligned with career and college readiness expectations. A state high school diploma is awarded to successful examinees.

### **Coordinated Student Support Services**

**Contact Person:** Zainab Rida, Office Administrator and Equity Officer, phone (402) 471-4620, email address — [zainab.rida@nebraska.gov](mailto:zainab.rida@nebraska.gov)

The Office of Coordinated Student Support Services provides support related to social, emotional, behavioral, mental and physical health and safety to enhance student learning and achievement. Sections and programs in this office include Nutrition Services, School Safety, the Whole Child Project, Mental Health/AWARE grant, HIV/AIDS prevention program and the Fostering Connections Network. The office advances access to equitable and high-quality student support and services, fostering alignment and promoting the health and safety of students and encouraging collabora-

tion by bringing together multidisciplinary experts and resources.

### *Nutrition Services*

**Contact Person:** Sharon Davis, Director, phone (402) 471-3559, email address — sharon.l.davis@nebraska.gov

The Nutrition Services section distributes funds and provides technical assistance to Nebraska schools and institutions participating in the U.S. Department of Agriculture child nutrition programs. In a continuing effort to improve the health and education of Nebraskans through provision of nutritious meals and nutrition education, programs are administered for the National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program, Fresh Fruit and Vegetable Program and the Summer Food Service Program.

### **Elementary and Secondary Education Act Programs**

**Contact Person:** Beth Wooster, Office Administrator, phone (402) 471-2452, email address — beth.wooster@nebraska.gov

Federal ESEA programs assist in completing the educational goals of Nebraska students. Title I programs promote academic achievement primarily through projects focused on reading, mathematics and early childhood programs. Title I, Part A of the ESEA provides financial assistance to schools with high numbers or high percentages of poor children to help ensure that all children meet challenging state academic standards. School Improvement Grants are given to schools that demonstrate the greatest need and strongest commitment to use the funds to provide adequate resources in order to raise substantially the achievement of students in the lowest-performing schools. Title I, Part C provides technical assistance for families and teachers and additional learning opportunities for migrant students. The funds help migrant children and youth meet high academic challenges by overcoming the obstacles created by frequent moves, educational disruption, cultural and language differences and health-related problems. The goal of Title I-C is that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a high school equivalent degree) that prepares them for responsible citizenship, further learning and productive employment. Funding and assistance are also provided to students in residential agencies for neglected or delinquent children through Title I, Part D grants.

Title II focuses on supporting effective instruction. The purpose is to provide grants to schools to increase student achievement; improve the quality and effectiveness of teachers, principals and other school leaders; increase the number of teachers, principals and other school leaders who are effective in improving student academic achievement; and provide low-income and minority students greater access to effective teachers, principals and other school leaders.

Title III supports the efforts of school staff assisting English learners and immigrant students to learn English and meet the state academic standards.

Title IV, Part A provides student support and academic enrichment grants to improve students' academic achievement, provide all students with access to a well-rounded education, improve school conditions for student learning and increase the

use of technology in order to improve the academic achievement and digital literacy of all students. Title IV, Part B 21st Century Community Learning Centers grants provide expanded learning opportunities for students attending high-poverty schools.

Title VII-B of the McKinney-Vento Homeless Education Assistance Act Program addresses the challenges that homeless children and youth face in enrolling, attending and succeeding in school.

A Consolidated Committee of Practitioners (Public Law 114-95) provides input and review of federal ESEA programs.

### **Nebraska VR**

**Contact Person:** Lindy Foley, Office Administrator, phone (402) 471-3649 or (877) 637-3422, email address — [lindy.foley@nebraska.gov](mailto:lindy.foley@nebraska.gov)

Nebraska VR helps people with disabilities prepare for, obtain and maintain employment while helping businesses recruit, train and retain employees with disabilities. Through this “dual client” approach, the program assists individuals with injury, illness or impairment achieve competitive employment and increased independence. Business services focus on addressing employer staffing challenges and placing qualified workers who face challenges entering or re-entering the workforce.

Nebraska VR has a long history of providing services to youth with disabilities as they transition to life after high school. Staff members partner with local schools and parents to provide job exploration, work-based learning, counseling for transition and post-secondary programs, workplace readiness training and self-determination training. Services are designed to ensure that students with disabilities are prepared to pursue employment after graduation.

The agency receives 20 percent of its funding from the state and 80 percent from the federal government. Service offices are located in Columbus, Fremont, Grand Island, Hastings, Kearney, Lincoln, Norfolk, North Platte, Omaha, Scottsbluff and South Sioux City.

Affiliated programs within Nebraska VR, with separate funding and unique identities, include the Assistive Technology Partnership, Statewide Independent Living Council, State Rehabilitation Council and Client Assistance Program.

#### *Assistive Technology Partnership*

**Contact Person:** Tobias Orr, Director, phone (877) 713-4002 or (402) 471-0734, email address — [atp@nebraska.gov](mailto:atp@nebraska.gov)

The ATP links people with disabilities to technology to help them lead more independent and productive lives. The program integrates diverse assistive technology and home or worksite modification needs in the areas of education, health, employment and housing into a comprehensive array of programs accessed through a single point of entry. ATP services include public awareness, information and referral, technical assistance, assessments, training, an equipment demonstration/loan program, an equipment reuse program and funding coordination to help obtain assistive technology devices and home or worksite modifications. Assistive technology services are available to individuals of all ages and all types of disabilities. More information is available at [www.atp.ne.gov](http://www.atp.ne.gov).

*Statewide Independent Living Council*

The Statewide Independent Living Council was established to meet the requirements of Title VII, Rehabilitation Act of 1973, which was amended by the Workforce Innovation and Opportunity Act of 2014. The Independent Living Services program promotes the independent living philosophy and develops independent living services for persons with disabilities in Nebraska. A consumer-driven organization, the majority of council members have disabilities. The council educates policy makers and consumers, identifies unmet needs in the area of independent living and expands and improves independent living services.

*State Rehabilitation Council*

The State Rehabilitation Council was established to meet the requirements of Title I of the Rehabilitation Act of 1973, which was amended by the Workforce Innovation and Opportunity Act of 2014. The council reviews, analyzes and advises Nebraska VR regarding the performance of the agency's responsibilities. The council prepares and presents an annual report to the State Board of Education and the commissioner of the Rehabilitation Services Administration.

*Client Assistance Program*

**Contact Person:** Shari Bahensky, Director, phone (402) 471-3656, email address — shari.bahensky@nebraska.gov

The Client Assistance Program aids and advocates for individuals who have questions or concerns related to Nebraska VR, Centers for Independent Living and the Nebraska Commission for the Blind and Visually Impaired. The program also includes the Hotline for Disability Services, (800) 742-7594, which provides information and referral services to Nebraskans who have questions or concerns related to disabilities.

**Special Education**

**Contact Person:** Amy Rhone, Office Administrator, phone (402) 471-4323, email address — amy.rhone@nebraska.gov

School districts have an obligation to provide special education and related services to children with disabilities. To help districts meet this obligation, the office of Special Education distributes state and federal funds, provides technical assistance for attainment of program standards, conducts program reviews, approves rates for contract service providers, provides financial support for the residential care of children who cannot be served educationally in their local communities and funds special education discretionary grants at various entities.

Programs, including early intervention services for infants and toddlers with disabilities who are younger than age three, are provided for children with disabilities from the date of diagnosis to age 21. The rights of these children and their parents are protected through systems for mediation, complaints and due process. Broad participation in planning for statewide special education services is accomplished through the activities of the Special Education Advisory Council [20 U.S. Code 1413(a)(12)].

*Nebraska Statewide Educational Programs and Support Services for Children Who are Deaf or Hard of Hearing*

**Contact Person:** Sue Czaplewski, State Liaison, phone (402) 463-5611, email address — [sue.czaplewski@esu9.us](mailto:sue.czaplewski@esu9.us)

Nebraska made a commitment to enhance the educational programs that children who are deaf or hard of hearing receive through their local schools. The plan was approved by the State Board of Education on Dec. 10, 2004. The mission of the Nebraska Commission for the Deaf and Hard of Hearing is to promote and advocate for Nebraskans who are deaf, deaf-blind or hard of hearing; to achieve equality and opportunity in social, education, vocational and legal aspects impacting their daily lives; and to enhance and monitor access to effective communication and telecommunication technology.

Additionally, through a contract with the Iowa School for the Deaf, services are available for Nebraska children who need a residential program.

*Nebraska Center for the Education of Children Who are Blind or Visually Impaired*

**Contact Person:** Sally Schreiner, Campus Administrator, phone (402) 873-5513, email address — [sschreiner@esu4.net](mailto:sschreiner@esu4.net)

The Nebraska Center for the Education of Children Who are Blind or Visually Impaired is administered through a contractual/lease arrangement with Educational Service Unit 4 in Auburn. The center provides residential, educational and outreach services to children with visual impairments from birth to age 21. Support also is provided through summer programs, staff training, student assessment and technical assistance for parents, agencies and colleges.

*Division of Agency Support and Services*

**Contact Person:** Brian Halstead, Deputy Commissioner, email address — [brian.halstead@nebraska.gov](mailto:brian.halstead@nebraska.gov)

This division ensures the education system, including the Nebraska Department of Education, takes charge of roles and responsibilities to provide leadership and enhance school support systems in the state.

**Budget and Grants Management**

**Contact Person:** Jen Utemark, Office Administrator, phone (402) 471-4313, email address — [jen.utemark@nebraska.gov](mailto:jen.utemark@nebraska.gov)

The office of Budget and Grants Management is responsible for providing service and support to all stakeholders of the Nebraska Department of Education through the effective administration of the agency's budget resources and grant programs.

**Data, Research and Evaluation**

**Contact Person:** Matt Hastings, Office Administrator, phone (402) 471-4740, email address — [matt.hastings@nebraska.gov](mailto:matt.hastings@nebraska.gov)

The Data, Research and Evaluation office is composed of four sections.

The Application Development section focuses on the development of IT applications to support data reporting and data use by school districts and the general public.

The Data Collections section integrates the collection, refinement and use of staff and student data to meet federal and state reporting requirements, ensures effective integration with programs (including teacher certification and school approval and accreditation) and publishes a variety of reports. The section also provides effective integration programs and takes the lead on the annual Nebraska Education Profile and the Data Reporting System.

The Data Quality and Support section supports the work of the department and school districts by assisting with data collection and submission and technical questions, as well as support for the multiple interfaces with Nebraska schools. Specific support expertise includes the Nebraska Student and Staff Record System, the Grants Management System and other department web portal applications. The NDE Help Desk provides district and Educational Service Unit staff with a first point of contact for agency data collections.

The Research and Evaluation section conducts research and evaluation projects that support a deeper understanding of data, best practices and improving teaching and learning in Nebraska schools. The research section also assists Nebraska schools with data submission and promoting the use of data and training for data literacy, analysis and use by ESUs, districts and schools.

### **Disability Determinations Section**

**Contact Person:** Krysti Michl, Office Administrator, phone (402) 471-3641, email address — [krysti.michl@ssa.gov](mailto:krysti.michl@ssa.gov)

The DDS processes applications for federal disability benefits under the federal Social Security program and the supplemental security income program for Nebraska residents. Applications are taken at Social Security field offices across the state. DDS staff obtain and evaluate medical and vocational evidence in order to determine applicants' medical eligibility for benefits.

Financial and Administrative Services provides a variety of internal services to department staff and programs. These services include accounting, audit coordination, budget coordination, financial aid distribution and accounting for categorical programs and office services.

The office provides school finance information and assistance to the Legislature, the State Board of Education, public schools and other interested citizens. State funds are distributed to school districts in accordance with the Tax Equity and Educational Opportunities Support Act under an income tax rebate and resource equalization formula. Funds are distributed for the In-Lieu-of School Land Tax program, and for State Apportionment, which is derived from revenue resulting from lease of permanent school land. If appropriated by the Legislature, funds for the purchase of textbooks for

loan to students attending private approved or accredited schools are also distributed to local school districts.

Other state funds, entitled core services funds used for staff development, technology and instructional materials services, and technology infrastructure funds are distributed to educational service units.

The office also provides consulting services in the areas of pupil transportation, school district reorganization, educational service units, enrollment option program, exempt (home) schools and textbook loans. The State Committee for the Reorganization of School Districts (79-435) acts on proposals for the change of school district boundaries.

### **Human Resources**

**Contact Person:** Joel Scherling, Office Administrator, phone (402) 471-4736, email address — [joel.scherling@nebraska.gov](mailto:joel.scherling@nebraska.gov)

The office of Human Resources provides a full range of services including employee recruitment, orientation, compensation and classification, benefits administration, labor relations and compliance with equal opportunity, nondiscrimination and other applicable state and federal laws.

### **Legal Services/General Counsel**

**Contact Person:** Scott Summers, General Counsel, phone (402) 471-0311, email address — [scott.summers@nebraska.gov](mailto:scott.summers@nebraska.gov)

The General Counsel's office advises the commissioner of education, deputy commissioners, department administrators and staff, along with the state board, with reference to the legal duties of the agency. The office drafts and reviews legal opinions, rules, leases, contracts and other legal documents. The office also responds to inquiries from the public, carries out investigations, represents the agency in administrative proceedings and assists the attorney general's office in court proceedings.

### **Public Information and Communications**

The office of Public Information and Communications is responsible for assisting department leadership, operations and program staff in providing clear, consistent and effective communication to all internal and external stakeholders related to agency programs, services, functions and initiatives.

### **Technology Services**

The Nebraska Professional Practices Commission is composed of 12 educators appointed by the governor. The commission advises the State Board of Education regarding rules and regulations for the standards of professional practice for teachers and administrators in areas including, but not limited to: ethical and professional performance, competency, continuance in professional service and contractual obligations for Nebraska public school educators. The commission may be requested to hold hearings and make recommendations to the board concerning alleged violations of standards of professional ethics and practices. Disciplinary actions may include private admonishment or warning, or a public reprimand by the commission to teachers and administrators who hold public school certificates. The commission also may recommend to the state board the revocation or suspension of an educator's certificate.

The commission holds hearings and adjudicates cases, develops materials for the profession to promote ethical and professional standards, responds to information requests for college classes in teacher and administrator training, provides training for commission members to serve as hearing officers, distributes brochures on the code of ethics, standards of competency and teacher aides, informs educational entities and the public of the commission's activities and provides workshops and seminars for lay and professional groups.

Commission members serve three-year terms, and no member may serve more than two terms. The commission meets four to six times a year. Members are not paid but are reimbursed for expenses.

## Board of Educational Lands and Funds

**Office Address:** 555 N. Cotner Blvd., Lincoln, NE 68505-2353, phone (402) 471-2014, fax (402) 471-3599, email address — [belf.office@nebraska.gov](mailto:belf.office@nebraska.gov), website — [www.belf.nebraska.gov](http://www.belf.nebraska.gov)

**Executive Secretary and Chief Executive Officer:** Kelly L. Sudbeck

**Statutory References:** Nebraska Constitution, Article VII, Sections 6 - 9 and 72-201

**Publication:** biennial report (in even-numbered years) supplemented by an annual report and this report in the *Nebraska Blue Book* (in odd-numbered years)

In the Enabling Act of Congress passed April 19, 1864, pursuant to which Nebraska became a state on March 1, 1867, and as a condition of statehood, the federal government granted generally every section 16 and 36 in each township in trust for the

support of Nebraska's common (K-12 public) schools. The trust nature, conditions and obligations of this grant are reflected in Article VII, Sections 6, 7, 8 and 9 of the Nebraska Constitution and have been recited in numerous decisions of the Nebraska Supreme Court including, for example, *State ex rel. Ebke v. Board of Educational Lands and Funds*, 154 Neb. 244 (1951).

Nearly 2.9 million acres have been acquired in trust for the support of Nebraska's K-12 public schools, and approximately 1.65 million of these acres have been sold to private sector owners. Approximately 80 percent of the deeded acres were conveyed pursuant to cash sales or contractual purchase rights vested in buyers, prior to 1900 and several decades before the Board of Educational Lands and Funds came into existence. In accordance with Article VII, Sections 7 and 8 of the Nebraska Constitution, the proceeds from all sales of school lands are deposited into the Permanent School Trust Fund where funds are invested primarily in stocks and bonds by the Nebraska Investment Council.

The board's primary duty is to manage nearly 1.25 million acres of land now held in trust for Nebraska's K-12 public schools. In fulfilling this duty, the board serves as both land owner and land manager. In its capacity as land owner, the board makes substantial expenditures for maintenance, conservation and improvement of the land under its care. In its capacity as land manager, the board issues and services surface leases, primarily for agricultural uses, and subsurface leases permitting exploration for and extraction of oil and gas, minerals and other natural resources. The board manages approximately 3,130 leases. Sales and trades of school trust land also are discretionary with the board. Land sales, condemnations and easements for combined fiscal years 2018-19 and 2019-20 totaled \$203,230.

The primary sources of revenue generated from Nebraska's school trust lands are rentals and bonuses for agricultural leases and rentals, bonuses and royalties for mineral, wind and solar leases. Analysis using valuation data from the University of Nebraska Department of Agricultural Economics established that Nebraska's K-12 school trust lands had a current market value of approximately \$1.37 billion for 1.26 million acres as of June 30, 2017; \$1.29 billion for 1.26 million acres as of June 30, 2018; \$1.25 billion for 1.25 million acres as of June 30, 2019; and \$1.28 billion for 1.25 million acres as of June 30, 2020. These are conservative valuations solely based on agricultural values and do not include enhanced values due to scenic or recreational lands owned by the School Land Trust.

Effective Jan. 1, 2001, school lands became taxable. The board pays these real estate taxes and collects them from lessees as part of the rent. Pursuant to Article VII, Section 9 of the Nebraska Constitution, the net income of the school trust remaining after tax and overhead payments have been made is distributed to Nebraska's K-12 public schools statewide on a per-pupil basis.

Control of Nebraska's school trust lands was vested in a board composed of state executive officers and a commissioner of public lands and buildings from 1875 to 1936. The Board of Educational Lands and Funds is now the constitutionally established trustee of Nebraska's school trust lands. The board consists of five members, four from Nebraska's congressional districts as they existed on Jan. 1, 1961, and one at

large, appointed by the governor and confirmed by the Legislature to rotating five-year terms. Once appointed to the board, members are independent trustees who manage the board's activities and conduct its business operations in a nonpartisan, nonpolitical manner. The board is governed entirely by trust law, and its trustee members are legally bound to fulfill the trust fiduciary duties of maximizing the income and preserving the assets of the school trust for the benefit of the public schools.

The board meets monthly, and its members receive a \$50 per diem, plus reimbursement for their necessary expenses, for each day they are engaged in performing the duties of their office.

### *Office of the State Surveyor*

**Office Address:** 555 N. Cotner Blvd., Lower Level, Lincoln, NE 68505-2347, phone (402) 471-2566, email address — [casey.sherlock@nebraska.gov](mailto:casey.sherlock@nebraska.gov)

**State Surveyor:** Casey C. Sherlock

**Statutory Reference:** 84-407

State laws of 1903 require the Board of Educational Lands and Funds to appoint a state surveyor and let the board appoint deputy surveyors as necessary. Under these laws, the state surveyor:

- takes charge, under the board's supervision, of field notes, maps, charts and records of U.S. surveys. A library with these notes and plats is kept in the state surveyor's office. This material is available to the public and copies are provided for a fee.
- prepares and issues, under the board's supervision, instructions to county surveyors. Acting under this directive, the office last provided a complete set of instructions in 1914. Since then, the office has issued instructions on specific items. Directives to county surveyors are currently handled on a question-and-answer basis.
- acts as arbitrator to settle disputes over surveys of boundaries within the state and disputes between surveyors concerning surveys or boundaries. These disputes and requests for surveys have resulted in about 2,258 state application re-surveys. In many cases, disputes can be resolved without re-survey by using advice on surveying issued by the office.
- performs other duties prescribed by the board, including reviews of all educational trust land transfers and giving opinions on the adequacy of trade, sale and condemnation descriptions

After each transfer is completed, the staff supervises changes in the abstracts and provides field staff with plats showing the revised property. The office provides the board with drafting, charts, graphs and court exhibits.

Since 1903, the Legislature has added the following duties to the Office of the State Surveyor:

- In 1961, the Legislature passed a resolution that led to a U.S. Supreme Court case on the boundary between Nebraska and Iowa. The case was decided in 1973, but problems over boundaries still remain. These actions have led to about 20,000 documents filed in the state surveyor’s office. The state surveyor serves on the Nebraska Joint State Boundary Commission.
  - In 1982, the Legislature created the State Survey Record Repository in the Office of the State Surveyor. This repository receives copies of most land surveys completed in the state. The office microfilms and files these surveys and provides copies upon request for an appropriate fee. The Survey Record Repository contains 351,344 documents archived on microfilm, of which approximately 194,529 may be accessed online.
  - In 1991, the Legislature created the Geographic Information System Steering Committee. The state surveyor serves as a member of this committee.
  - In 1998, the Legislature created the Nebraska Information Technology Commission, now known as the Nebraska GIS Council. The state surveyor’s office provides technical assistance, support and advice to the various counties, cities and other government entities in Nebraska in their endeavors to produce and maintain cadastral and other geo-referenced maps.
- The state surveyor’s office also has general governmental responsibility to provide service and information to the public.

## Nebraska Educational Telecommunications Commission

**Office Address:** Terry M. Carpenter and Jack G. McBride Nebraska Educational Telecommunications Center, 1800 N. 33rd St., Lincoln, NE 68503, phone (402) 472-3611, fax (402) 472-1785, website — [www.netnebraska.org](http://www.netnebraska.org)

**Secretary/General Manager:** Mark Leonard

**Statutory Reference:** 79-1313

The Nebraska Educational Telecommunications Commission was created by the Educational Television Act, adopted by the 1963 Legislature. In 1984, the Legislature changed the commission's name and broadened its scope to include all educational telecommunications. The commission promotes and provides noncommercial educational telecommunications statewide by satellite, broadcast, fiber optics, computer and other technologies.

Nebraska Educational Telecommunications (NET) is the umbrella designation used to encompass the commission's various services housed at the Terry M. Carpenter and Jack G. McBride Nebraska Educational Telecommunications Center. Among NET's services is television, with four over-the-air digital TV channels: NET (NET1), NET World (NET2), NET Create (NET3) and NET PBS KIDS (NET4) — along with two radio stations, NET and HD-2.

**Public Television.** Public television began in Nebraska when KUON-TV signed on the air in November 1954. In April 2003, NET launched its three-channel digital television service in accordance with the federal government mandate. A fourth digital channel offering 24/7 PBS KIDS programming was added in 2017.

The Nebraska Educational Telecommunications Commission holds the licenses for all nine radio transmitters and five radio translators and for eight television transmitters and 14 television translators. KUON-TV is licensed to the University of Nebraska.

**University of Nebraska.** Through a long-standing agreement with the University of Nebraska Board of Regents, station KUON-TV operates as the originating station for NET's primary television channel, NET (NET1).

NET has four digital television broadcast channels:

- NET (NET1) includes signature Public Broadcasting Service (PBS) programs and award-winning, locally produced public television programs that can be seen in high-definition where available.
- NET World (NET2) offers a collection of news and public affairs programming and, when in session, live coverage of the Nebraska Unicameral.
- NET Create (NET3) offers public television's most popular how-to, travel and lifestyle programs.
- NET PBS KIDS (NET4) offers 24/7 viewing of educational children's programming on television and via live streaming on digital platforms.

The television schedule includes acquired programs from PBS and other national and regional distributors. NET also produces local programs featuring Nebraska people, places and history, such as fine arts performances, high school sports championships, and regular series such as *Backyard Farmer*, *Big Red Wrap-Up* and *Nebraska Stories*. Recent local documentary productions include *Painting Nebraska's Legacy*, saluting the state's 150th

anniversary of statehood and featuring one artist's journey to create a painting from each of Nebraska's 93 counties; *Nebraska's Capitol Masterpiece*, tracing the development of the state Capitol building's art and architecture and highlighting its unique design; and *Nebraska Volleyball: Culture of a Champion*. NET also produces documentaries that are broadcast nationwide, such as *Crane Song*, weaving together the majestic sounds and striking visuals of the Sandhill cranes as they make their annual migration through Nebraska.

A percentage of the financial support for local productions comes from the NET foundations for television and radio, statewide nonprofit support groups. NET also receives federal and state funding.

NET's specialized services include Radio Talking Book Services (RTBS) and the Descriptive Video Service (DVS). RTBS is an Omaha-based nonprofit organization that broadcasts nearly 5,000 hours of audio books, magazines and newspapers to 5,000 visually impaired Nebraskans each year. In the summer of 2008, RTBS was converted from NET Television's second audio program channel to the NET FM radio network. RTBS supplies a free radio receiver to access the FM side band channels.

A few public television programs still are produced with DVS to make them accessible to people who are blind or visually impaired. DVS provides narrated descriptions of a program's key visual elements, such as action, settings, scene changes and body language.

**Public Radio.** Public radio began in Nebraska in 1986, when the Legislature amended the Nebraska Educational Telecommunications Act to direct the Nebraska Educational Telecommunications Commission to establish a statewide public radio network. In 1988, the commission received studio and transmitter equipment for public radio station KUCV-FM from the Union College Board of Trustees in Lincoln and transferred the license from Union College to the commission. KUCV-FM became the originating station for NET's radio station. In 2001, KUCV-FM changed its broadcast frequency to 91.1-FM, increased its power and began broadcasting 24 hours each day.

While NET Radio offers primarily a classical music format, a number of news, public affairs, entertainment and interview programs fill out the schedule. National program services, such as Public Radio International and National Public Radio, make possible such programs such as *Live From Here*, *Morning Edition* and *All Things Considered*. NET also produces several local radio programs, including *Friday LIVE*, an arts and entertainment "magazine;" *Classics By Request*; *Nebraska Concerts* and *Nebraska News*. NET consistently wins statewide and regional competitions for its coverage of news and events across Nebraska.

**Education.** Education is core to our mission. The education department is responsible for the design and delivery of educational and interactive media services to supplement and support curriculum-based learning and informal education activities. They also create digital resource materials such as the online history website [nebraskastudies.org](http://nebraskastudies.org) and offer a virtual field trip at [nebraskavirtualcapitol.org](http://nebraskavirtualcapitol.org) that allows all Nebraskans to visit the state Capitol building and governor's residence. NET PBS LearningMedia library is an online resource for teachers and students with access to thousands of free, innovative, state and national standards-aligned and curriculum-targeted digital resources. NET PBS LearningMedia offers teachers more than 100,000 videos, images, interactives, lesson plans and articles on a variety of topics. The early childhood education team

travels the state conducting parent/child engagement workshops around STEM/STEAM concepts as well as teacher training sessions. Community engagement screenings are held with partners across the state on topics such as race, diversity culture and mental health.

**NET Technology Services.** NET Technology Services migrated in 2012 from statewide satellite distribution of its broadcast television and radio signals to a terrestrial fiber transport system used to deliver NET's signals — including NET, NET World, NET Create, NET PBS KIDS and radio — to their audiences. Emergency alerts are distributed over this system to residents across the state. NET operates a C/KU-band teleport that supports the PBS Disaster Recovery, Diversity and Maintenance site located at NET's facilities, as well as ad-hoc satellite services. The teleport also supports media organizations that conduct live interviews with government officials. The teleport provides access for entities throughout the northern hemisphere over satellite as required.

NET also provides live broadcast coverage and streaming of the Nebraska Legislature, including committee hearings and floor debate. Live streaming also is available of the Nebraska Supreme Court and Court of Appeals, as well as the governor's press conferences and board meetings and work sessions of the Nebraska Department of Education. NET partnered with these entities in 2008 to provide live coverage. In 2017, funding was made available for NET to upgrade the infrastructure and equipment for these services at the Nebraska State Capitol. In addition, NET's facilities are available to state agencies for meetings, video conferences, streaming and media events.

**Governance.** The Nebraska Educational Telecommunications Commission has 11 members. Nine are appointed by the governor and are subject to legislative approval. The Nebraska commissioner of education, or his or her designee, and the president of the University of Nebraska, or his or her designee, are standing commission positions. Appointed members include:

- a Nebraska state college representative
- a Nebraska community college representative
- a Nebraska private educational institution representative
- six members of the public, two from each congressional district in Nebraska,

none of whom are associated with any of the institutions listed above. No more than four may be actively engaged in the teaching profession or administration of an educational institution.

Commissioners are appointed to four-year terms on a staggered basis. The commission meets monthly, when necessary, with most meetings held at the Educational Telecommunications Center. Members are not paid but are reimbursed for expenses.

**Executive Director:** Jon Wilbeck

**Statutory Reference:** 81-3428

The 1937 Legislature created the Board of Examiners for Professional Engineers and Architects. This measure was reconfirmed in 1984. Legislation passed in 1997 changed the name to the Board of Engineers and Architects and updated provisions in compliance with national models. The board establishes requirements for education, experience, examination and enforcement for the practices of engineering and architecture. Funding is provided solely through fees received from those using the board's services.

The board has eight members appointed by the governor to five-year terms. Four of the eight are professional engineers, three are architects and one is a public member. Both an architecture and an engineering faculty member from the University of Nebraska serve as members.

Board members must be U.S. citizens who have lived in Nebraska for at least a year. Members must be licensed in the relevant profession, been active in the design profession for at least 10 years and have had direct supervision of work for at least five of those years at the time of his or her appointment.

The board meets at least 10 times a year. Members are paid a \$100 per diem when conducting board business and are reimbursed for necessary and authorized expenses.

Equal Opportunity Commission

**Office Address:** 301 Centennial Mall South, Fifth Floor, P.O. Box 94934, Lincoln, NE 68509-4934, phone (402) 471-2024, toll-free phone (800) 642-6112, website — neoc.nebraska.gov

**Executive Director:** Marna Munn

**Statutory Reference:** 48-1116

The Equal Opportunity Commission operates under the Nebraska Fair Employment Practice Act, the Equal Pay Act, the Nebraska Age Discrimination in Employment Act, the Fair Housing Act and the Civil Rights Act of 1969 regarding public accommodations.

**Fair Employment Practice Act.** The commission investigates charges of employment discrimination because of race, color, religion, sex, national origin, disability, marital status, pregnancy, whistleblower retaliation or wage retaliation. Discrimination charges must be filed within 300 days of the alleged act for all governmental agencies and employers with more than 15 employees. Jurisdiction covers employers, employment agencies, labor organizations and joint labor-management committees. The commission investigates specific complaints, conducts hearings, subpoenas witnesses, administers oaths and takes testimony. The commission may obtain a court decree to enforce an order.

**Equal Pay Act.** Employers cannot pay employees who do the same job different wages because of their gender. This does not include wage rates established by a seniority system, a merit increase system, or earnings passed on production quality or any factor other than gender. Charges of discrimination can be filed against employers with two or more employees up to four years from the alleged date of harm.

**Nebraska Age Discrimination in Employment Act.** Employers cannot discriminate in the workplace because of age, except when the job’s demands require employees to be a certain age group. These prohibitions are limited to workers who are at least 40 years of age. Charges of discrimination may be filed against governmental agencies and employers with 20 or more employees within 300 days of the alleged act.

**Fair Housing Act.** State policy prohibits discrimination based on race, religion, color, sex, disability, familial status or national origin in acquiring or owning housing. Complaints should be filed within one year of the alleged act. If the commission determines a complaint has reasonable cause and does not receive voluntary compliance with this act, the commission may file a civil action in the complainant’s county in district court.

**Civil Rights Act of 1969 (Public Accommodations).** This act establishes that all persons are entitled to equal enjoyment of any public place, without discrimination or segregation on the grounds of race, color, sex, religion, national origin, ancestry, disability or familial status. Anyone claiming to be harmed by an unlawful discriminatory practice may file a complaint with the commission. A complaint must be filed within 10 days after the alleged act of discrimination. Exceptions include places owned and operated by religious associations and private establishments not open to the public.

The commission's seven members are named by the governor to three-year terms. Members meet monthly. They are paid \$50 a day when working on commission business and are reimbursed for expenses. The commission appoints an executive director, who can appoint additional staff if the commission deems it necessary.

## Nebraska Ethanol Board

**Office Address:** 301 Centennial Mall South, Fourth Floor, P.O. Box 94922, Lincoln, NE 68509-4922, phone (402) 471-2941, website — [www.ethanol.nebraska.gov](http://www.ethanol.nebraska.gov)

**Administrator:** Roger Berry

**Statutory Reference:** 66-1335

The Nebraska Ethanol Board, previously known as the Nebraska Gasohol Committee, works with public and private partnerships to expand the production and use of ethanol and related products.

The board administers the Agricultural Alcohol Fuel Tax Fund, established through the checkoff of off-highway fuel taxes, as well as a 1.25 cent per gallon excise tax on natural gasoline used as a denaturant by ethanol producers. The board uses this money to promote the use of ethanol-blended fuels, assist companies with ethanol plant development in Nebraska and sponsor research and development of ethanol-related products.

The Nebraska Ethanol Board has seven members appointed by the governor to four-year terms with approval by the Legislature. Four members must be Nebraska farmers representing general farming, corn farming, wheat farming and sorghum farming. One member must represent Nebraska petroleum marketers, one member must represent business in the state and one member must represent labor in the state. No more than four members may belong to the same political party.

The board meets at least once annually. Members are paid \$25 a day when conducting board business and are reimbursed for expenses. The board employs a full-time administrator, who serves at the pleasure of the board.

## Foster Care Review Office

**Office Address:** 1225 L St., Suite 401, Lincoln, NE 68508, phone (402) 471-4420, fax (402) 471-4437, toll-free phone (800) 577-3272, website — [www.fcro.nebraska.gov](http://www.fcro.nebraska.gov)

**Director:** Monika E. Gross

**Statutory Reference:** 43-1302

The agency was created in 1982 with the Legislature's passage of LB714, the Nebraska Foster Care Review Act. The act was created in response to Public Law 96-272, federal legislation mandating a response to problems in each state's foster care system. The Nebraska Foster Care Review Act mandates permanency plans for children and oversight by the Foster Care Review Office of all children involved in the state's foster care system. The foster care system includes children in all types of out-of-home placements, whether they have been abused, neglected, dependent or delinquent. It also includes children in a trial home visit as defined by statute.

The purpose of the Foster Care Review Office is to provide information and direct reporting to the courts, the state Department of Health and Human Services and the Legislature regarding the foster care system in Nebraska; to provide oversight of the foster care system; and to make recommendations to the Legislature regarding foster care policy. The office also provides information to the courts, the Office of Probation Administration and the Legislature regarding probation involved youth who are in out-of-home placement; provides oversight of that system; and makes recommendations to the Legislature regarding juvenile justice policy. In addition, the office provides reviews of cases in the Bridge to Independence Program.

Oversight by the office occurs at four levels:

- periodic review of children in out-of-home care by trained agency staff and local board members with reports and case-level recommendations provided to the legal parties to those cases
- an independent tracking system to ensure that children are not lost in the system
- advocacy involving all external stakeholders to ensure the best interests of children
- preparation of quarterly and annual reports to the Legislature, stakeholders and the public that provide an analysis of child welfare system data, data on juvenile justice youth in out-of-home placements and recommendations for system-level improvements

Beginning in 2013, for administrative purposes, the offices of the staff of the Nebraska Children's Commission are located in the Foster Care Review Office.<sup>5</sup> The commission was created by the Legislature to serve as a high-level leadership body and permanent forum for collaboration among state, local, community, public and private stakeholders.

The commission, with assistance from the executive director of the Foster Care Review Office, employs a policy analyst to provide research and expertise to the commission relating to the state's child welfare system. The Foster Care Review Office director

is an ex officio member of the Nebraska Children's Commission.

The Foster Care Review Office is supported by the Foster Care Advisory Committee. It is the committee's responsibility to hire the director of the Foster Care Review Office.

The Foster Care Advisory Committee has five members appointed by the governor and confirmed by the Legislature. Three advisory committee members are local board members. One member has data analysis experience and one represents the public at large.

Members are appointed to three-year terms and cannot have a pecuniary interest in the foster care system or be employed by the Foster Care Review Office, the Department of Health and Human Services, a county, child-caring agency, child-placing agency or court.

The committee meets at least four times per calendar year. Members are not paid but are reimbursed for expenses.

The Game and Parks Commission is in charge of managing state parks, wildlife, fish, wildlife lands, boating and all things related to these areas. The commission is funded through permit sales, state general fund allocations and federal funds. This money is held by the state treasury in various cash funds, which are used to administer and develop state fish, game and park resources. The game fund, which includes boat registration money, also is used to enforce and administer state boating laws and support the construction and maintenance of boating facilities. The Park Cash Fund and General Fund appropriations support the state parks. The Land and Water Conservation Fund, a federal grant-in-aid program that is administered by the commission, helps state and local governments acquire and develop outdoor recreation facilities. The commission also administers the Trail Development Assistance Act, another grant-in-aid program.

The commission recognizes state game refuges created by the Legislature in Boyd, Dodge, Douglas, Garden, Holt, Keya Paha, Lincoln, Rock and Saunders counties. The commission also maintains public use areas — including fish hatcheries, recreation areas, state parks and state historical parks — and wildlife management areas.<sup>6</sup>

The commission has its headquarters in Lincoln and has four district offices at Alliance, Norfolk, North Platte and Lincoln, plus service centers in Bassett, Kearney and Omaha. Each district office has a supervisory conservation officer, a fisheries manager, a wildlife manager and support staff.

The commission originated in 1879 when a Board of Fish Commissioners was created to increase fish populations and distribution in Nebraska's public waters. In 1901, the governor was made commissioner of a Game and Fish Commission and had two deputies. The commission was disbanded in 1919, and administration of game and fish laws was given to the Department of Agriculture, where it became known as the Bureau of Game and Fish.

The 1921 Legislature created a state Park Board in the Department of Public Works that was attached to the University of Nebraska's Department of Horticulture in 1923. In 1929, the Bureau of Game and Fish and the state board were abolished and replaced with the Game, Forestation and Parks Commission. The governor served as the commission's chairperson. The law was changed in 1935 and again in 1947 and 1949. The 1967 Legislature created the post of state forester for the University of Nebraska. This removed responsibility for forests from the commission, and its name was changed to the Game and Parks Commission.

The 2008 Legislature expanded the number of commission districts to nine by adding one at-large member. Commissioners are appointed by the governor and approved by the Legislature for four-year terms. Lifetime membership is limited to two

terms. Commission members must be Nebraska residents and well-informed on wildlife conservation and restoration, and at least two members must work in agriculture. No more than five members may belong to the same political party. Political affiliation is based on a member's voter registration as of the statewide general election prior to his or her appointment.

The commission meets at least four times a year. Members receive \$35 a day when conducting commission business and are reimbursed for expenses.

The commission appoints a secretary, who acts as director and chief conservation officer. The law allows the director to apply civil service rules in appointing conservation officers.

The Geologists Regulation Act, passed in 1998, provides for the certification and licensure of professional geologists in Nebraska whose activities may affect public health and safety. The board accomplishes this through licensure, education, compliance oversight, regulatory services and other duties specified by the act.

The board consists of seven governor-appointed individuals who serve five-year terms. Six members are licensed professional geologists who have at least 10 years of experience. One of the geologist members must be a member of the professional faculty of a geology or related geosciences department of a college or university located in Nebraska. The seventh member represents the public. The board meets at least once a year. Members are not paid but are reimbursed for expenses.

## Grain Sorghum Development, Utilization and Marketing Board

**Office Address:** 301 Centennial Mall South, Fourth Floor, P.O. Box 94982, Lincoln, NE 68509-4982, phone (402) 471-3552, fax (402) 471-3040, email address — [sorghum.board@nebraska.gov](mailto:sorghum.board@nebraska.gov), website — [nebraskasorghum.org](http://nebraskasorghum.org)

**Executive Director:** Nate Blum

**Statutory Reference:** 2-4002

The 1981 Legislature passed the Grain Sorghum Resources Act to set up a check-off system and to create the Grain Sorghum Development, Utilization and Marketing Board to administer checkoff funds. The program requires a checkoff of one cent per hundredweight, which is collected at the point of first sale of all grain sorghum sold through commercial channels or delivered in Nebraska.

In 2008, a national checkoff on sorghum was implemented that initiated a check-off of .6 percent of farm gate value at the point of first sale. The program is under the purview of the U.S. Department of Agriculture (USDA). The United Sorghum Checkoff Program (USCP) manages and directs the activities and expenditures of the program. The Nebraska Grain Sorghum Development, Utilization and Marketing Board is approved by USDA as a Qualified State Organization eligible to receive “passback” funds from USCP. The money is used to help grain sorghum producers finance market

development, research, promotion, education and federal legislation.

Overseas market development programs are supported with these funds. In this effort, the board works with the U.S. Grains Council, the USCP and the National Sorghum Producers. Through worldwide offices, producers investigate new markets while maintaining established ones.

The board cooperates with the University of Nebraska’s Institute of Agriculture and Natural Resources in conducting research projects.

The board has seven members. Six are appointed by the governor from each of Nebraska’s four production districts and two represent the state at large. The board elects the seventh member, who also represents the state at large. All members serve three-year terms and must be Nebraska residents who are at least 21 years old and grow grain sorghum.

The governor chooses appointees from candidates who have completed and filed an application with the governor’s office and have submitted a cover letter, two letters of endorsement from sorghum growers and proof of sorghum production. The Nebraska Department of Agriculture director and the vice chancellor of the Institute of Agriculture and Natural Resources are ex officio board members.

The board meets at least once every three months and at other times as needed. Members are not paid but are reimbursed for expenses.

The Nebraska State Historical Society was founded in 1878, made a state institution in 1883 and became a state agency in 1994. It was renamed History Nebraska in 2018. History Nebraska collects and preserves historical information and objects for

the state's benefit and administers museums and seven historic sites, the State Archives, the State Historic Preservation Office, the Office of the State Archaeologist and the Gerald R. Ford Conservation Center. History Nebraska receives Legislative appropriations plus federal and private funds.

Legislative acts in 1905 and 1969 made the Historical Society responsible for preserving public records of state and local government that the State Archives division determines to be historically valuable. The State Archives holds government records dating back to 1854 along with county, municipal and some federal records about Nebraska's development. Other archival holdings include 15,000 linear feet of manuscript collections comprising business, political, religious and personal papers that document the state's development. The photograph collection includes more than 300,000 images relating to Nebraska and its residents. The audio-visual collection consists of more than 6.5 million feet of moving images and videotape and several thousand sound recordings.

The Nebraska History Library holds approximately 80,000 volumes pertaining to Nebraska and Great Plains history. Along with books, pamphlets and periodicals, the library has more than 3,000 flat maps and atlases, as well as special reference files and indexes on Nebraskans and Nebraska topics. Newspaper holdings date back to 1854 and consist of more than 35,000 reels of microfilm — the largest collection of Nebraska newspapers in existence.

History Nebraska's Nebraska History Museum collects and preserves artifacts that help to document and interpret the cultures of people who have lived in Nebraska and the Great Plains from prehistoric times through the present day.

The Gerald R. Ford Conservation Center, a division of History Nebraska located in Omaha, provides conservation of historical documents, textiles and museum objects. The center houses a digital imaging laboratory, which offers the highest quality imaging for cultural collections.

History Nebraska determines which historical events, sites and traditions are important to the state, and it procures and maintains historical markers. The society accepts gifts to further carry out the program. Most markers are erected and the sites maintained by the Department of Transportation. Currently, there are more than 500 uniform markers statewide.

History Nebraska investigates historic and prehistoric archaeological sites. A highway salvage archaeology program, started in 1957, entered into a formal agreement with the Department of Roads in 1960. History Nebraska staff archaeologists survey, record and excavate sites threatened by road construction or repair.

History Nebraska is governed by a board of trustees, 12 of whom are elected by the members from each of the state's congressional districts. The governor appoints three members to the board, one from each congressional district, who serve three-year terms. The director/CEO of History Nebraska is the board's secretary.

Trustees meet quarterly. Members are not paid but are reimbursed for expenses.

In 1967, the Nebraska State Historical Society — now History Nebraska — was directed to carry out the provisions of the National Historic Preservation Act for Nebraska (NRS 82-118 as amended). Through this program, History Nebraska can nominate places, structures and objects to the National Register of Historic Places that are significant to history, architecture, archaeology and culture. Other program activities involve maintaining a statewide inventory of sites, reviewing federal actions for effects on historic properties, qualifying private development projects for historic preservation tax incentives and certifying local governments to participate in state and federal preservation programs. Nebraska maintains a statewide historic preservation plan and the director of History Nebraska serves as state historic preservation officer. The Nebraska State Historic Preservation Board, consisting of members appointed by the state historic preservation officer, serves in an advisory capacity for the state’s historic preservation program under definition of the National Historic Preservation Act.

*State Historical Records Advisory Board*

**Contact Person:** Gayla Koerting, State Archivist, History Nebraska, 1500 R St., Lincoln, NE 68508, phone (402) 471-4783.

The State Historical Records Advisory Board’s function is to provide leadership

in encouraging, promoting and assisting the advancement of programs to preserve and make accessible historical records in Nebraska. As the central advisory body for historical records planning, the board's role is to investigate and report on the conditions and needs of historical records in Nebraska; to determine state priorities for historical records projects based upon National Historical Publications and Records Commission (NHPRC) guidelines and record conditions and needs; to solicit, foster and develop proposals for NHPRC projects to be carried out within the state; and to review grant proposals submitted by Nebraska institutions and make recommendations to NHPRC.

A majority of members must have experience in the administration of government records, historical records or archives and should broadly represent public and private archives, records offices and research institutions and organizations in the state.

Commission on Indian Affairs

**Office Address:** State Capitol, Sixth Floor, P.O. Box 94981, Lincoln, NE 68509-4981, phone (402) 471-3475, fax (402) 471-3392, website — [www.indianaffairs.state.ne.us](http://www.indianaffairs.state.ne.us)

**Executive Director:** Judi M. gaishkibos

**Statutory Reference:** 81-2501

The Commission on Indian Affairs, established in 1971, monitors legislation and coordinates activities among tribes, organizations and state and federal agencies. Its members serve to promote Indian rights and address problems common to Nebraska Indians.

The commission consists of 14 American Indians living in Nebraska appointed by the governor to four-year terms. Members come from the following reservations, cities or districts: two from the Omaha Tribal reservation; two from the Winnebago Tribal reservation; two from the Santee Sioux Tribal reservation; two from the Ponca Tribe; one from Lincoln; two from Omaha; one from the district that includes Box Butte, Dawes, Sheridan and Sioux counties; one from the district that includes Banner, Cheyenne, Deuel, Garden, Kimball, Morrill and Scotts Bluff counties; and an at-large member.

The governor selects each appointee from nominees submitted by the tribe or area to be represented. The commission also may have nonvoting, ex officio members, appointed by the commission, who do not have to be Indian.

The commission meets four times a year. Members are paid \$50 a day when conducting commission business and are reimbursed for expenses.

The commission hires and sets the pay of an executive director. The director is a Nebraska Indian tribal member or Nebraska resident of Indian descent.

## Commission of Industrial Relations

**Office Address:** 301 Centennial Mall South, Fifth Floor, P.O. Box 94864, Lincoln, NE 68509-4864, phone (402) 471-2934, fax (402) 471-6597, email address — industrial.relations@nebraska.gov, website — ncir.nebraska.gov

**Clerk/Administrator/Legal Counsel:** Ashlea Whitney

**Statutory Reference:** Nebraska Constitution, Article XV, Section 9; and 48-803

The Court of Industrial Relations, created by the 1947 Legislature under authority provided in the Nebraska Constitution, has jurisdiction over public utility and state and local government employee labor disputes. The court's powers were expanded in 1969 to give it jurisdiction over all public employees, and the number of judges was increased from three to five.

The 1979 Legislature changed the name from "court" to "commission." The commission has powers of special impasse and representation and the power to resolve prohibitive practices. In 2007, the Legislature passed LB472, which changed the members' title from "judge" to "commissioner."

In 2011, the Legislature passed LB397, a compromise that codified many of the standards that have been used in determining comparability for purposes of wages and benefits. The bill also set statutory deadlines in some situations and mandated that an Hourly Rate Value be applied to health and pension benefits.

Nebraska public employees, except the Nebraska National Guard or state militia, can be represented by employee organizations of their own choice and can negotiate collectively with their employers to determine the terms and conditions of employment. However, the employees cannot strike. When any industrial dispute exists, an employer, employee or labor organization, or the attorney general (on his or her own or by order of the governor) may file a petition with the commission invoking its jurisdiction. The commission:

- determines if a prohibited practice has occurred
- determines who represents employees during collective bargaining
- resolves disputes by establishing pay rates and employment conditions comparable to the standards set for similar work
- orders good-faith bargaining, mediation or fact finding, and appoints people to carry this out. The commission's final orders may be appealed to the Nebraska Court of Appeals.

The commission has five members appointed by the governor to six-year terms with legislative approval. Commissioners must represent the public and be appointed based on their knowledge and experience in legal, financial, labor and industrial matters. Commission members are paid \$475 a day when conducting commission business. On

July 1 of every odd-numbered year, commissioners elect a presiding commissioner for a two-year term. The presiding commissioner appoints the clerk of the commission.

## Nebraska Investment Council

**Office Address:** 1526 K St., Suite 420, Lincoln, NE 68508, phone (402) 471-2043, email address — [nic.info@nebraska.gov](mailto:nic.info@nebraska.gov), website — [nic.nebraska.gov](http://nic.nebraska.gov)

**State Investment Officer:** Michael Walden-Newman

**Statutory Reference:** 72-1237

The Nebraska Investment Council was established under 1967 and 1969 laws as a central state investment agency. The council provides investment management services for the state. Most provisions governing its activities are contained in the Nebraska State Funds Investment Act and the Nebraska Capital Expansion Act (statutory reference: 71-1237 through 72-1269).

The agency is governed by an eight-member council. Five voting members are appointed by the governor and confirmed by the Legislature. They serve five-year terms, with one expiring each year. The state treasurer, executive director of the Public Employees Retirement Systems<sup>10</sup> and executive director of the Omaha School Employees Retirement System (OSERS) serve as nonvoting members.

The council establishes necessary and proper policies for the investment of the funds for which it is responsible. Such policies include appropriate investment strategy decisions, selection of external managers and allocation of funds among managers. The council appoints a state investment officer, subject to the approval of the governor and the Legislature. The state investment officer, with the assistance of the agency staff, directs the investment of these funds in accordance with state statutes and the policies of the council.

Funds managed include the state's general and cash funds; retirement plans for state and county employees, State Patrol, judges and teachers; the state and county deferred compensation plan; and trust funds including the Permanent School Fund, Veterans' Aid Fund, Health Care Trust Fund, Nebraska Educational Savings Plan Trust, Nebraska Achieving a Better Life Experience Program Trust and the Meadowlark Program.

In 2020, assets under the responsibility of the council totaled more than \$30 billion.

State Board of Examiners for Land Surveyors

**Office Address:** 555 N. Cotner Blvd., Lower Level, Lincoln, NE 68505, phone (402) 471-2566, website — [www.nbels.nebraska.gov](http://www.nbels.nebraska.gov)

**Ex Officio Secretary:** Casey C. Sherlock

**Statutory Reference:** 81-8,110

The 1957 Legislature created the State Board of Examiners for Land Surveyors. The law provided for the director-state engineer, state surveyor and dean of the University of Nebraska’s College of Engineering to serve as an ex officio board. The state surveyor was the board’s ex officio secretary.

The 1971 Legislature established the independent State Board of Examiners for Land Surveyors. The board tests and interviews people applying to be registered land surveyors. The board also can revoke registration to conform with the law. The board is financed through registration fees, which are handled by the board’s secretary.

The board has five members who are appointed by the governor to five-year terms. Four members must be registered land surveyors who have lived in Nebraska for at least one year and have been practicing surveyors for 10 years. At least five years must have been spent in charge of surveying work. One board member, who is at least 21 years old and a Nebraska resident for at least one year, represents the public. The state surveyor serves as ex officio secretary of the board and any committees board members appoint.

The board meets four to six times each year. Members are not paid but are reimbursed for expenses.

**Statutory Reference:** 81-8,186

The 1967 Legislature passed the Professional Landscape Architects Act, which created the State Board of Landscape Architects. The act charges the board with protecting the life, health and property of Nebraska citizens by ensuring the licensure of landscape architects in the state. The board accomplishes this through the licensure of individuals who have met the education, examination and experience requirements of the act and by providing compliance oversight and regulatory services.

The board has six members appointed by the governor to five-year terms. Five members must be professional landscape architects. The other member represents the public. All members must be Nebraska residents for at least one year immediately preceding their appointments.

The board meets at least once a year. Members are not paid but are reimbursed for expenses.

**Executive Director:** Lazaro A. Spindola

**Statutory Reference:** 81-8,262

**Publications:** quarterly newsletter

The Commission on Latino-Americans was created in 1972, and was originally known as the Commission on Mexican-Americans. The 2010 Legislature changed the name with passage of LB139. The commission serves as a link between Nebraska state government and the Latino population. The commission works with public, private and state agencies to serve the needs of Nebraska's Latino Americans on issues such as access to education, housing and health care as well as social, political and economic opportunities.

The commission has nine members, appointed by the governor to three-year terms. The governor or the governor's designee serves as an ex officio member. The commission appoints an executive director.

The commission meets quarterly. Members are paid \$35 a day while conducting commission business and are reimbursed for expenses.

Nebraska Library Commission<sup>11</sup>

**Office Address:** The Atrium, 1200 N St., Lincoln, NE 68508-2023, phone (402) 471-2045, toll-free phone (800) 307-2665, fax (402) 471-2083, email address — nlc.ask@nebraska.gov, website — nlc.nebraska.gov

**Director:** Rod Wagner

**Statutory Reference:** 51-401

Established in 1901, the Nebraska Library Commission promotes, develops and coordinates library and information programs and services statewide. As the state library agency, the commission serves as an advocate for the library and information service needs of Nebraskans. The commission:

- makes rules and regulations to govern itself
- appoints a director authorized to hire staff as needed
- receives and disburses federal funds
- accepts and administers gifts
- makes a biennial report to the governor
- provides leadership, technical help and financial support for improvement of library and information services through the state’s libraries
- develops, coordinates and promotes specialized statewide library and information services
- provides information and library services to state government

The commission’s six members are appointed by the governor to three-year terms, with members serving no more than two consecutive terms. Commissioners appoint the agency director. Members generally are appointed from each of the state’s six areas. Commissioners, who meet every other month, are not paid but are reimbursed for expenses.

*Information and Resource Sharing Services*

Nebraska libraries were among the nation’s first to develop workable methods for resource sharing. The commission continues this legacy by:

- providing reference, research, consultation and interlibrary loan services to the staff of public, school and special libraries and state government agencies
- providing access to the VHS and DVD collection of the Nebraska Humanities Council
- providing assistance and resources in public administration, library operations, librarianship and collection management for staff of all types of libraries and state agencies
- providing government information services through the Nebraska Publications

<sup>11</sup> For additional information on Nebraska libraries, see Pages 51 and 903-909.

Clearinghouse Service (statutory reference: 51-412). Services include direct loan of more than 176,000 Nebraska documents and more than 48,000 federal government publications, convenient public access to electronic state government publications and reference services in person or via email, telephone and internet chat. The Library Commission participates in the Federal Depository Library Program and operates a Nebraska depository library program. Key state publications are accessible electronically or on microfiche via the Nebraska State Publications website and through depository libraries.

- providing NebraskAccess: free 24/7 access to websites selected by librarians, full-text government publications and Nebraska historical resources. Nebraska residents also are provided with free online access to premium databases containing thousands of full-text magazine and journal articles; primary source documents; genealogical, health, legal, small business and science resources; reading recommendations; and research resources for K-12 students.

- providing access to a worldwide database of billions of books, CDs, DVDs and other materials including more than 8 million holdings in 81 public, academic, school and special libraries in Nebraska. These materials may be requested by libraries through Online Computer Library Center Inc. in Dublin, Ohio, either directly or through the Nebraska Library Commission Reference/Information Services.

- providing Nebraska Memories, a cooperative project to digitize Nebraska related historical and cultural heritage materials and make them available to researchers of all ages via the Internet

- providing group purchasing options to assist Nebraska libraries in offering downloadable Ebooks, audiobooks, magazines, music and other materials to Nebraska residents

### *Library Development Services*

Library Development Services provide coordination and support services to Nebraska libraries and media centers and work with local libraries, institutions, boards and citizen groups to develop improved library services and facilities. For Nebraska library employees or library trustees, Library Development provides:

- training and continuing education programs
- consultation and information regarding library services and issues
- financial grants and aid
- support of regional library systems, providing consulting and continuing education, resource sharing services and library technology support
- statistical data regarding Nebraska libraries and library services
- accreditation of public and institutional libraries and certification of librarians and boards of trustees
- a statewide summer reading program and other support for children and young adult services
- library improvement through community-based library planning and evaluation

### *Talking Book and Braille Service*

The Talking Book and Braille Service offers statewide library service to Nebraskans who experience visual or other physical conditions that limit their use of regular print materials. To provide the same access to informational and recreational reading enjoyed by other Nebraskans, the Talking Book and Braille Service offers books and magazines on digital cartridge or embossed in Braille. The commission circulates talking books and special equipment to play talking books provided by the Library of Congress, National Library Service for the Blind and Physically Handicapped. This includes approximately 53,000 fiction and nonfiction titles in 103,000 copies. Readers also can download 84,000 audio and Braille books and magazines directly from a website hosted by the Library of Congress.

Most Nebraskans receive and return talking books and Braille materials (postage-free) through the U.S. Postal Service. Persons who live in or travel to Lincoln also borrow and return materials in person. Other services offered on site include sample magazines in recorded and Braille formats and children's books in twin vision — print, illustrations and Braille in each single volume. Descriptive videos also are circulated. These videos provide narrated descriptions of the key visual elements (actions, settings, characters and costumes) without interfering with the soundtrack or dialogue of a program or movies.

The Adaptive Technology Center offers a public access computer featuring Braille translation and embossing, a sticky-key keyboard option and adaptive keyboards and adaptive mouse. The Library records 24 magazines and newsletters supplementing the national talking magazine program, records Nebraska and regional books and produces audio materials for state and community service agencies.

## **Nebraska Liquor Control Commission**

**Executive Director:** Hobert B. Rupe

**Statutory Reference:** 53-105

**Publications:** law book, including rules and regulations; brochures

Created by the 1935 Legislature, the Nebraska Liquor Control Commission:

- receives applications for and issues, suspends, cancels and revokes licenses of manufacturers, distributors, nonbeverage users, retailers, railroads, airlines and boats
- sets standards through rules and regulations for enforcing the Nebraska Liquor Control Act to promote public health and welfare
- asks other administrative departments from all levels of government in the state, as well as law enforcement officials throughout the state, for information and assistance as necessary
- recommends rules and regulations to local government for the distribution or sale of alcoholic liquors in the state
- inspects places where liquors are manufactured, distributed or sold
- conducts audits of licensees
- conducts hearings to carry out its duties

- investigates the administration of alcoholic liquor laws in Nebraska and other states, and recommends Nebraska Liquor Control Act amendments to the governor and the Legislature

- receives and accounts for all Nebraska Liquor Control Act license fees and liquor excise taxes that are turned over to the state treasurer

- provides law books and other printed material to licensees

The commission has three members appointed by the governor to six-year terms with legislative approval. No more than two members can be in the same political party. Members come from the state's congressional districts. The commission, with the approval of the governor, appoints an executive director who keeps records of commission business. Commission employees are hired with the governor's approval. The commission meets at least once a month. Each member is paid \$12,500 a year and is reimbursed for expenses.

## Nebraska Motor Vehicle Industry Licensing Board

**Office Address:** 301 Centennial Mall South, Mall Level, P.O. Box 94697, Lincoln, NE 68509-4697, phone (402) 471-2148, fax (402) 471-4563, website — [mvdealerbd.nebraska.gov](http://mvdealerbd.nebraska.gov)

**Executive Director:** Joshua Eickmeier

**Statutory Reference:** 60-1402

The Nebraska Motor Vehicle Industry Licensing Board was created in 1957 and amended over the years to enforce motor vehicle, motorcycle, mobile home and travel trailer industry licensee standards, and to protect the public from dishonest licensee practices. The board issues licenses, establishes license fees for each class, prescribes license forms and investigates licensees' actions upon a sworn written complaint. The board also regulates the issuance and revocation of licenses. The board has the power to revoke or suspend a license or levy an administrative fine not to exceed \$5,000 per violation.

The board has nine governor-appointed members, who serve three-year terms, and the director of motor vehicles is the board's chairperson. Appointed members must obtain legislative approval. No member may serve more than two consecutive terms. Board members include:

- a factory representative
- a member representing the public
- a licensed new motor vehicle dealer from each congressional district
- two licensed used motor vehicle dealers from different congressional districts
- one trailer dealer or combination motor vehicle or trailer dealer
- a licensed motorcycle dealer

<sup>12</sup> Political party affiliation: D=Democrat; R=Republican; I=Independent.

Members are paid \$50 a day when conducting board business and are reimbursed for expenses.

Nebraska Oil and Gas Conservation Commission

**Office Address:** 922 Illinois St., P.O. Box 399, Sidney, NE 69162-0399, phone (308) 254-6919, fax (308) 254-6922, website — [www.nogcc.ne.gov](http://www.nogcc.ne.gov)

**Director:** Stan Belieu

**Statutory Reference:** 57-904

The Nebraska Oil and Gas Conservation Commission was created in 1959 to curb wasteful practices in oil and gas production. The commission:

- encourages and promotes the development, production and use of oil and gas in the state to prevent waste
- provides for operation and development of oil and gas properties to permit recovery of the most oil and gas possible while protecting owners' rights
- encourages and authorizes cycling, recycling, pressure maintenance and secondary recovery operations to obtain maximum oil and gas economic recovery in the state
- conducts hearings to devise and adopt programs aimed at accomplishing the duties listed above

The commission's operation cost is paid by an oil and gas production levy, various fees and a federal grant.

The commission has three members appointed by the governor to four-year terms with legislative approval. At least one member must have oil and gas production experience and must have lived in Nebraska for at least a year. The other members must have lived in Nebraska for at least three years. The state geological survey director serves as the commission's technical adviser.

The commission may meet monthly. Members are paid \$400 per day when conducting commission business and are reimbursed for expenses.

The commission hires a director and fixes his or her salary. The director administers and enforces the Oil and Gas Conservation Law of 1959 and all rules, regulations and orders promulgated by the commission. The director must be a qualified petroleum engineer with at least three years of actual field experience in the drilling and operation of oil and gas wells. The director acts as the commission's secretary and keeps its minutes and records. The director serves an indefinite term at the commission's pleasure.

### *Oil and Gas Development in Nebraska*

Oil was discovered in Richardson County in 1939; in the Denver-Julesburg Basin in Cheyenne County in 1949; and on the Cambridge Arch of Red Willow County in 1956. Twenty of Nebraska's 93 counties produce oil or natural gas. Nebraska's crude oil is primarily transported to market by trucks. Natural gas is produced in the Panhandle and southwestern Nebraska, with Cheyenne County as the leading producer.

A total of 20,341 tests had been drilled in Nebraska by December 31, 2017, with 1,451 oil wells and 174 gas wells operating. There are 384 active Enhanced Oil Recovery (EOR) injection wells in 108 secondary recovery projects, and 128 Salt Water Disposal (SWD) wells are in operation. The injection wells are regulated by the commission pursuant to a primacy agreement between the State of Nebraska and the U.S. Environmental Protection Agency. A total of 541 wells currently are inactive, and an additional 84 have been approved for plugging and abandonment.

Since 2009, both the southwestern and southeastern portions of Nebraska have experienced a resurgence in exploration due to the application of three-dimensional seismic technology. In 2017 the industry discovered four new fields with three discovery wells drilled in southwest Nebraska.

Oil production declined slightly due to the price collapse of 2014, which caused wells to become uneconomic at current prices. During 2017, 35 percent of the state's oil production came from secondary recovery operations. Nearly 69 percent of the state's 2017 oil volume came from wells that produce less than 10 barrels of oil per day.

Severance taxes are levied on the value of resources severed at the rate of 3 percent of the value of oil and natural gas, except for oil from wells that produce 10 or fewer barrels of crude oil per day. These wells are subject to a 2 percent severance tax. Severance taxes from oil and gas sales go to the Permanent School Fund. A conservation tax, currently 5 mills (0.5 cents), is levied on sales values and is used to fund the commission. The maximum mill levy is 15 mills per dollar.

## Board of Parole

**Office Address:** Correctional Services Building, Folsom and West Prospector Place, Building 1, P.O. Box 94754, Lincoln, NE 68509-4754, phone (402) 471-2156, fax (402) 471-2453, website — [www.parole.nebraska.gov](http://www.parole.nebraska.gov)

**Chairperson:** Rosalyn Cotton

**Statutory References:** Nebraska Constitution, Article IV, Section 13; and 83-188

The Board of Parole was created as an independent agency by constitutional amendment in 1968.

The board reviews the status of committed offenders; determines when committed offenders are released on parole; fixes parole conditions, may revoke parole and issue warrants to arrest parole violators; visits and inspects state and local prisons or jails; and recommends parole legislation to the governor.

If requested, the board advises the Board of Pardons<sup>13</sup> — composed of the governor, attorney general and secretary of state — on the merits of any application for remission, respite, reprieve, pardon or commutation. This advice is not binding.

The board has five, full-time members appointed by the governor to six-year terms with legislative confirmation. By law, board members must be of good character and just temperament. At least one board member must be a minority, one member must be female and one must have a professional background in corrections. The governor designates one board member as chairperson. The chairperson may designate a vice-chairperson.

The board meets daily to hear and review parole cases. Parole administration transitioned from the Department of Correctional Services to the Board of Parole in 2016. In 2018, pursuant to action taken by the Legislature, the Office of Parole Administration became the Division of Parole Supervision. If an offender is granted parole, he or she is referred to DPS for the process of release and supervision. DPS is led by the director of supervision and services and is overseen by the Board of Parole.

Nebraska Coordinating Commission for  
Postsecondary Education

**Office Address:** The Apothecary, 140 N. 8th St., Suite 300, P.O. Box 95005, Lincoln, NE 68509-5005, phone (402) 471-2847, email address — mike.baumgartner@nebraska.gov, website — ccpe.nebraska.gov

**Executive Director:** Dr. Michael Baumgartner

**Statutory Reference:** Nebraska Constitution, Article VII, Section 14; and 85-1403

Originally created by the 1976 Legislature, the Nebraska Coordinating Commission for Postsecondary Education was given constitutional authority by Nebraska voters in the 1990 general election to coordinate the activities of Nebraska’s public postsecondary institutions. The commission assumed this power on Jan. 1, 1992.

The commission was given constitutional responsibility to review and approve or disapprove instructional programs at all of the state’s public postsecondary institutions, to review these institutions’ budgets and modify them or recommend modification to the Legislature or governor, and to review and approve or disapprove capital construction projects.

The commission also was directed by the constitution to complete the state’s first Comprehensive Statewide Plan for Postsecondary Education. The commission completed and approved this document in June 1992, and it has been revised as needed since that time.

In addition, the commission has statutory responsibility to:

- administer the state’s student financial aid programs
- administer the Community College Aid Act
- approve or disapprove applications from out-of-state institutions wishing to operate in Nebraska
- conduct research and publish reports on higher education issues

The commission’s purpose is to be a coordinating body that works closely with public and private institutions in the state. The commission also cooperates with leadership in elementary and secondary schools, as well as with business representatives, local community leaders, state leaders and others interested in the future of postsecondary education in the state.

The commission’s 11 members are appointed by the governor, subject to legislative approval. One member is chosen from each of the six state Supreme Court districts, and five others are chosen at large. Members serve six-year terms. Members and their immediate families may not serve on any postsecondary education governing board and may not be employed by any postsecondary education institution, either directly or by contract. The commission meets at least six times a year. Members are not paid but are reimbursed for expenses.

## Nebraska Power Review Board

**Office Address:** 301 Centennial Mall South, Lower Level, P.O. Box 94713, Lincoln, NE 68509-4713, phone (402) 471-2301, email address — [tim.texel@nebraska.gov](mailto:tim.texel@nebraska.gov), website — [www.powerreview.nebraska.gov](http://www.powerreview.nebraska.gov)

**Executive Director:** Tim Texel

**Statutory Reference:** 70-1003

The Power Review Board regulates Nebraska's electrical utility industry. The 1963 Legislature created the board, and since then regulatory duties have been added to its original mission. The board:

- approves creation of, and amendments to, retail and wholesale service areas, which designate the territory that electric utilities are authorized and obligated to serve
- authorizes construction or acquisition of generation facilities and certain transmission lines, settles disputes between suppliers over area and customers to be served and, in certain limited cases, disagreements between customers and utilities
- authorizes microwave facility construction
- approves creation of public power districts and subsequent changes to each district's charter

The board consists of five members appointed by the governor to four-year terms, subject to legislative approval. The board must include an engineer, a lawyer, an accountant and two members of the public. A member cannot have been an elected state official or a director, officer or employee of any electric utility within the past four years. No more than three members may belong to the governor's political party, and no member may serve more than two consecutive terms.

The board meets monthly. Members are paid \$60 a day when engaged in board business, except the member representing the board on the Southwest Power Pool's Regional State Committee, who receives \$250 per day when engaged in board business. All members are reimbursed for actual expenses.

The board employs an executive director, a business manager and a paralegal. The board also retains the services of a consultant who is an engineer and represents the board on the Southwest Power Pool's Cost Allocation Working Group. The board may hire other experts and consultants necessary to carry out its duties.

**Executive Director:** Mike Hybl

**Statutory Reference:** Nebraska Constitution, Article IV, Section 20

**Salary for Public Service Commissioners:** \$75,000

**Publications:** Motor carrier rate tariffs, annual report on telecommunications

The Public Service Commission’s early predecessor was the Railway Commission, established in 1885, which consisted of the attorney general, secretary of state and auditor of public accounts, each of which appointed a secretary. The commissioners supervised railroad operations in the state, including examination of railroad documents, and could issue subpoenas and administer oaths.

The commission lasted two years until the 1887 Legislature created a board of transportation with the attorney general, secretary of state, auditor of public accounts, state treasurer, commissioner of public lands and buildings and three appointed secretaries as its members. This board investigated common carriers, looked into their business management and held hearings on carrier issues. Lawmakers expanded the board’s functions in 1891 by placing the licensing and regulation of public warehouses under its jurisdiction. In 1892, the board began classifying and fixing minimum freight rates charged by Nebraska railroads. The board was given jurisdiction over telephone, telegraph and express companies in 1897.

A 1901 Supreme Court ruling found the law creating the Board of Transportation unconstitutional. From 1901 to 1906, the Legislature regulated railroads. In 1906, voters ratified a constitutional amendment that created an elective railway commission of three members serving six-year terms. A Supreme Court ruling the following year held that the amendment was legal.

In January 1964, the commission increased its membership to five, and the state was divided into five districts, with each electing one commissioner for a six-year term. A 1972 general election vote changed the name of the agency to the Public Service Commission (PSC) in December of that year.

In 2015, after the conclusion of a federal stimulus funding grant that supported broadband planning and mapping projects from 2010 through 2014, the commission decided to continue its mapping efforts via a redesigned broadband map (<http://broadbandmap.nebraska.gov>). Users have the ability to look up provider and speed information for their address and can explore the variety of ways that broadband has been deployed

<sup>15</sup> Political party affiliation: D=Democrat, R=Republican, I=Independent.

in Nebraska. Information about Nebraska Universal Service Fund broadband projects also is available on the site.

The constitutional powers and duties of the PSC include regulatory authority over certain aspects of the following industries: grain warehouses and grain dealers; manufacturers and sellers of manufactured homes, modular homes and recreational vehicles; motor transportation carriers of household goods and passengers; natural gas utilities; private water companies; railroads; electric transmission lines and telecommunications carriers. The commission is composed of six departments: Grain Warehouse and Dealers, Housing and Recreational Vehicles, Natural Gas, State 911, Telecommunications/Nebraska Universal Service Fund (NUSF) and Transportation.

The Grain Warehouse Department regulates:

- grain storage and grain purchases (grain warehouses and dealers, and grain probes and moisture meter testing). Grain examinations are done annually on grain warehouses and grain dealers. Yearly inspections also are performed on all commercial grain moisture meters.

The Telecommunications/Nebraska Universal Service Fund Department regulates/manages:

- the VoIP/Wireless/ISP Registry
- the Nebraska Relay Service, a communication system for the speech and hearing impaired. The Telecommunications Relay System Advisory Committee (statutory reference: 86-1307) consists of seven members appointed by the Commission for the Deaf and Hard of Hearing to advise on issues related to the hearing impaired community.

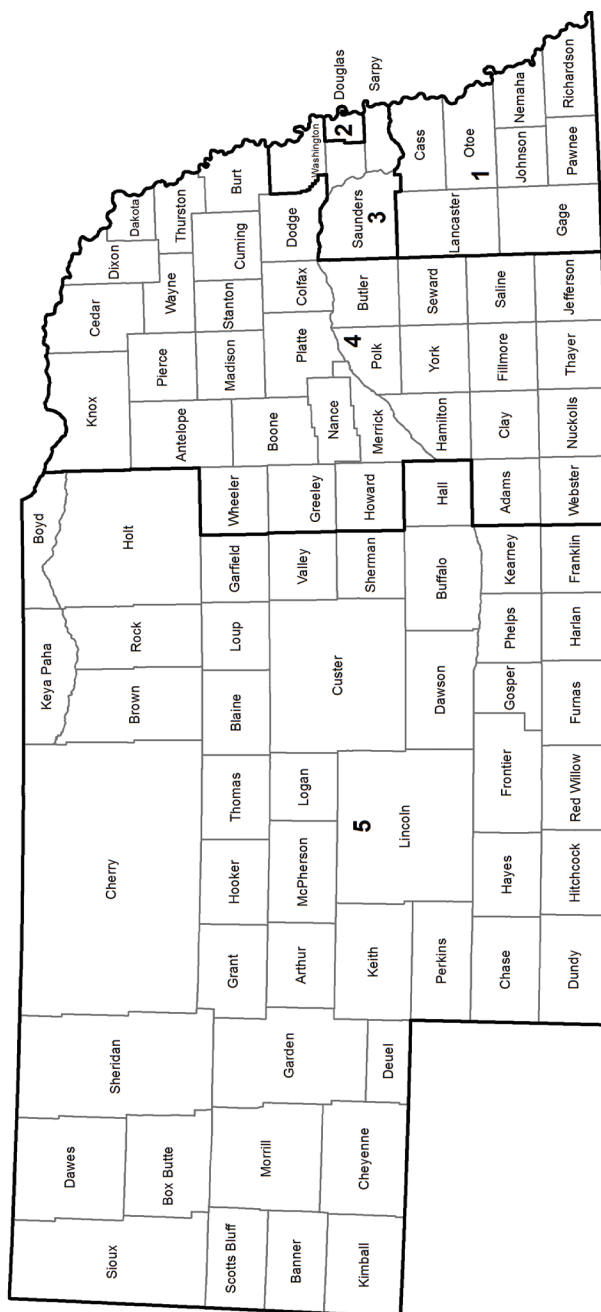

- private water companies
- the NUSF is responsible for ensuring all Nebraskans have access to telecommunications services at affordable prices through the administration of five programs. The high-cost program supports broadband-capable network deployment in rural areas and keeps local rates affordable in all areas of the state by subsidizing the costs of telephone services in high cost areas. The Nebraska Telephone Assistance Program provides additional assistance to qualifying low-income Nebraskans to obtain and keep telephone service. The Rural Telehealth Program supports the provision of telecommunications services to a statewide telehealth network. The Broadband Pilot Program supports the provision of telecommunications infrastructure in unserved and under-served areas of the state. The E-Rate Special Construction program assists schools and libraries with the costs of construction of fiber connections. These programs are administered with the assistance of an advisory board. The Universal Service Advisory Board (statutory reference: 86:1408) consists of nine members appointed by the PSC.

The Transportation Department regulates:

- railroads (safety laws, track and motive power and equipment inspection, and the compiling and filing of reports required by law)
- household goods and passenger carriers (rates, service, territory, safety and insurance)
- transportation network companies

The Enhanced Wireless 911 Advisory Board was created in 2001 to advise the Public Service Commission on the implementation, development, administration, coordination, evaluation and maintenance of enhanced wireless 911 service.

Nine of the board’s 11 members are appointed by the governor to represent county and municipal officials, county sheriffs, 911 communication specialists, the wireless telecommunications industry and the local telecommunications service industry. A public service commissioner and the director of the Department of Administrative Services or their designees serve as ex officio members.

During the board’s inaugural year, three members were appointed for one-year terms, two members were appointed for two-year terms and three members were appointed for three-year terms. Each succeeding board member will be appointed for three-year terms.

The 1990 Legislature created a special committee to carry out the Telecommunications Relay System Act. The act requires Nebraska to have a statewide telecommunications relay system and a statewide voucher program to provide specialized telecommunications equipment for deaf, hard-of-hearing and speech-impaired residents. The system allows them to communicate with those who use conventional telephone systems.

Members of the Telecommunications Relay System Advisory Committee are appointed by the Commission for the Deaf and Hard of Hearing. The committee consists of seven members: one who is deaf; one member who is deaf or hard-of-hearing; one member who is speech impaired; one member who represents the telephone industry; one member who represents the Commission for the Deaf and Hard of Hearing; and one member who represents the public.

**Statutory Reference:** 2-1201

In 1935, a bill was passed to promote Nebraska's horse breeding industry. The State Racing Commission created by this law prescribes and enforces horse racing rules

and regulations.

The 2010 Legislature increased the commission’s membership to five members, appointed by the governor to four-year terms, one from each of the state’s congressional districts and two at large members. Only three members may belong to the same political party and no more than two members may reside in the same congressional district or in any one county. Members are bonded under the blanket surety bond required by Section 11-201 of Nebraska law.

The commission meets approximately 10 times per year. Members are not paid but are reimbursed for expenses.

The Nebraska Real Property Board was established as the Real Estate Appraiser Board on Jan. 1, 1991, after enactment of Title XI of the federal Financial Institutions Reform, Recovery and Enforcement Act of 1989. Following passage of LB778, the name was changed to the Nebraska Real Property Appraiser Board on July 14, 2006. The board administers and enforces the Nebraska Real Property Appraiser Act and the Nebraska Appraisal Management Company Registration Act.

The board’s primary functions are to issue and renew appraiser credentials, develop and implement standards for appraiser credentialing and register and renew registration for appraisal management companies.

The board also approves appraiser qualifying courses and continuing education activities, investigates and adjudicates grievances, develops rules and disseminates relevant information to the general public, stakeholders, credentialed appraisers and appraisal management companies.

Through these processes, the board ensures that Nebraskans are protected and served and that the appraisal business community is highly qualified through education, experience and examination.

The board’s five members are appointed by the governor to five-year terms. No member may serve consecutive terms. The governor selects one certified real property

The 1973 Legislature passed the Real Estate License Act, which provided for the State Real Estate Commission. The commission licenses real estate brokers and salespersons through written examinations, investigates complaints and applicants for licenses and examines real estate broker trust accounts. Under the act, as amended in 1978, the commission approves real estate courses offered by proprietary real estate schools and approves instructors and monitors schools offering approved real estate courses.

Real estate licensees have had to meet continuing education requirements since 1986 and, by law, are required to complete 18 hours of approved classes every two years before their licenses can be renewed. Inactive licensees may waive the requirement until they activate their licenses. The commission approves instructors, providers and the subject matter of these classes.

The commission consists of seven members, six of whom are appointed by the governor to six-year terms. The secretary of state is the commission chairperson. Four members must be broker licensees with at least five years of broker or associate broker experience. Three of the broker members are appointed from Nebraska's congressional districts as constituted on Jan. 1, 2006, and one broker member is appointed at large. The two other members are appointed at large. One is a representative of the public, and the other is a licensed salesperson with at least three years of experience in the real estate business. Members are reimbursed for traveling expenses, and the appointed members are paid \$100 a day while attending monthly commission meetings. The commission employs a director and other staff.

**Director:** Randy Gerke

**Statutory Reference:** 84-1501

The Public Employees Retirement Board (PERB) was created in 1971 to administer Nebraska retirement plans for school employees, state employees, judges and the State Patrol. The board assumed administration of the retirement system for Nebraska county employees in 1973.

The board has eight voting members appointed by the governor, with legislative approval, to five-year terms. The State Investment Officer serves as a non-voting, ex officio member. Members must be Nebraska residents. Members include six active or retired participants of board-administered retirement systems, and two public representatives who are not state employees or employees of its subdivisions. The board meets monthly. Members receive a \$50 per diem and are reimbursed for actual expenses.

The board hires a director to distribute expenses among the retirement systems it administers. Expenses must be provided from investment income earned by various retirement funds, unless other fund sources to pay expenses are specified by law.

The state auditor audits state retirement systems each year and makes an annual report to the Legislature. The board also annually reports on the actuarial condition of state retirement systems to the Legislature.

Since 1973, all actuarial reports, actuarial assumption statements and methods and actuarial valuations and experience investigations required for any retirement system that covers employees in any political subdivision at least partly supported by Nebraska tax dollars must be prepared and signed by an actuary certified by the board.

State Plan

The State Employees Retirement plan began on Jan. 1, 1964, and has a defined contribution option and a cash balance option. Employees contribute 4.8 percent of their annual salary by payroll deduction. The state contributes 156 percent of employees' contributions.

Participants employed after Jan. 1, 2003, and employees who have elected to join, participate in the cash balance option. Cash balance provides a hypothetical account that is credited with daily interest credit and also has the possibility of additional dividends when investment performance allows. The interest credit rate is equal to the federal mid-term rate plus 1.5 percent, but not less than 5 percent. Cash balance contributions

are held in a commingled fund and investment of the fund is directed by the Nebraska Investment Council.

Participants who began employment before 2003 and who wished to remain in the defined contribution option have 13 investment funds from which to choose. Defined contribution participants individually select their investments and receive the gains and losses of their selections.

A state employee may retire upon reaching age 55. Several payment options are available, including annuities, rollovers and lump sum distributions. The agency administers the plan, and record keeping is done by a third party contractor. Plan expenses are deducted from plan earnings.

### *County Plan*

The 1973 Legislature brought the Retirement System for Nebraska Counties under the board's administration. The 1965 County Employees Retirement Act covered county employees not already covered by retirement plans. By 1987, all counties, except for Douglas and Lancaster, were required to belong to the County Retirement System. It has a defined contribution option and a cash balance option as in the State Plan. Members, whether participating in the defined contribution option or in the cash balance option, contribute 4.5 percent of their gross earnings with the employer contributing 150 percent of the employee amount. In the defined contribution option, the employee and employer contributions are invested in 13 different funds as the member may direct.

Participants employed after Jan. 1, 2003, and employees who have elected to join, participate in the cash balance option. Cash balance provides a hypothetical account that is credited with daily interest credit and also has the possibility of additional dividends when investment performance allows. The interest credit rate is equal to the federal mid-term rate plus 1.5 percent, but not less than 5 percent. Cash balance contributions are held in a commingled fund and investment of the fund is directed by the Nebraska Investment Council.

Participants who began employment before 2003 and who wished to remain in the defined contribution option have 13 investment funds from which to choose. Defined contribution participants individually select their investments and receive the gains and losses of their selections.

A county employee may retire upon reaching age 55. Several payment options are available, including annuities, rollovers and lump sum distributions. The agency administers the plan, and record keeping is done by a third party contractor. Plan expenses are deducted from plan earnings.

### *School Plan*

The 1945 Legislature established the School Retirement System for Nebraska school employees. All regular public school employees, except those in Class V school districts, are members of the system. Benefits are based on service, the highest three years' average salary and age at retirement. For members initially joining the plan on or after July 1, 2013, benefits are calculated using the highest five years of salary. A school employee may retire as early as age 60 with five years of service and receive a reduced

benefit. The normal retirement age for unreduced benefits is 65. In 1998, legislation for a “Rule of 85” benefit was passed. This legislation allows a member who is at least 55 to retire with unreduced benefits when the member’s age and years of service equal 85. The 2017 Legislature modified the Rule of 85, increasing the minimum age from 55 to 60. This provision applies to members who join the plan on or after July 1, 2018.

#### *State Patrol Plan*

The 1947 Legislature created the State Patrol Retirement System. State Patrol employees can retire at age 55 with at least 10 years of service or, on a reduced basis, at age 50 with at least 10 years of service. The normal retirement age is 55. Members who joined the plan prior to July 1, 2016, contribute 16 percent of compensation. Members who joined the plan on or after July 1, 2016, contribute 17 percent of compensation. The employer matches all contributions at 100 percent. Benefits are based on years of service as a percentage with a maximum of 75 percent of final average salary. Besides normal benefits, the law provides for disability and survivor benefits. Members are not covered by Social Security. Beginning Sept. 1, 2008, a deferred retirement option plan was adopted for members who have reached normal retirement age. Members joining the plan on or after July 1, 2016, are not eligible to participate in the deferred retirement option.

#### *Judges Plan*

The 1955 Legislature created a Judges Retirement System. Membership for district and Supreme Court judges became effective Jan. 3, 1957. Workers’ Compensation Court judges were added Sept. 20, 1957, county judges and separate juvenile judges on Jan. 5, 1961, municipal judges on Oct. 23, 1967, and Court of Appeals judges in September 1991. In 1985, the Legislature combined the municipal and county court systems.

A per case fee is collected from district and county courts to help finance the Judges plan, as well as a percentage charge on certain county court fees. Members who joined the plan on or after July 1, 2004, or members who elected to participate in the enhanced spousal provisions, contribute 9 percent of compensation the first 20 years and 5 percent thereafter. Members who joined the plan prior to July 1, 2004, and elected not to participate in the enhanced spousal provisions contribute 7 percent of compensation the first 20 years and 1 percent thereafter. Members who joined the plan on or after July 1, 2015, contribute 10 percent of compensation.

#### *Deferred Compensation Plan*

In 1976, the board implemented the State of Nebraska Deferred Compensation Plan. This plan is an optional supplemental retirement plan. It allows eligible employees to defer a portion of their salaries to a later date. Taxes due on the accounts and earnings are deferred until the date of disbursement. Qualifying events for disbursement are death, disability or termination of employment. Provisions in the plan document allow emergency withdrawals for unforeseen financial hardships with board approval. The investment options the member may select are the same as the ones in the defined contribution option of the State Plan and the County Plan.

**Statutory Reference:** Nebraska Constitution, Article IV, Section 28; and 77-5003

The Tax Equalization and Review Commission was created on Jan. 1, 1996. The commission has two primary duties. First, the commission serves as an intermediate appellate tribunal, conducting de novo hearings and issuing written decisions to resolve appeals — primarily determinations made by the 93 county boards of equalization. Second, the commission acts as an adjudicative body regarding the equalization of real property assessments within each county before May 15 of each year, commonly known as statewide equalization. An average of 1,600 valuation appeals are filed with the commission annually.

The commission hears and decides appeals at single commissioner hearings or panel hearings throughout the year. In all hearings, the taxpayer may present testimony and documentary evidence with or without an attorney. The county board of equalization may present evidence to defend the board's determination of value and may be represented by the county attorney.

During informal single commissioner hearings, the rules of evidence do not apply and the hearings are not recorded. During panel hearings, limited rules of evidence apply — as required by statute — and the hearings are digitally recorded.

Decisions from single commissioner hearings are final unless a rehearing before a panel of the commission is requested. Decisions from panel hearings may be appealed to the Nebraska Court of Appeals. Statewide equalization is conducted each year, primarily in April and May.

The commission has three commissioners, one from each of the congressional districts. The governor appoints the commissioners to six-year terms, and the Legislature confirms the appointments. The governor may remove commissioners from office for cause.

The University of Nebraska Board of Regents has been the university’s governing body since the university was established in 1869.<sup>17</sup> The original board had 12 members, including the governor, the state superintendent of public instruction and the university chancellor as ex officio members. The governor appointed the original regents. Succeeding regents were elected by the Legislature until 1875, when the new state constitution reduced the number of regents to six and provided for their election by the voters in odd-numbered years. An amendment adopted in 1912 changed their election to even-numbered years. Regents were elected on partisan ballots until 1917, when the Legislature provided for nonpartisan regent elections starting in 1918. From 1921 to Jan. 7, 1971, one regent was elected from each of the state’s six Supreme Court districts for a six-year term.

The 1969 Legislature increased the number of regents from six to eight and divided the state into eight districts, each represented by a regent. At the 1972 general election, two regents were elected, one each from District 1 and District 2, to six-year terms. Two regents were elected to six-year terms at the 1974 general election from District 6 and District 7, and from districts 4, 5, 6 and 8 in the 1976 general election. All elections since have been for six-year terms. Regents are not paid but are reimbursed for expenses.

A constitutional amendment was approved at the 1974 general election to let the three University of Nebraska campus student body presidents sit as nonvoting members on the Board of Regents for one-year terms. The members are the president of the

## Nebraska Wheat Board

**Office Address:** 301 Centennial Mall South, Fourth Floor, P.O. Box 94912, Lincoln, NE 68509-4912, phone (402) 471-2358, fax (402) 471-3446, email address — wheat.board@nebraska.gov, website — www.wheat.nebraska.gov

**Executive Director:** Royce Schaneman

**Statutory Reference:** 2-2302

The Nebraska Wheat Board was created to protect and foster the economic health of the state's wheat producing areas and wheat economy stated as public policy under the Nebraska Wheat Resources Act. This public policy guides the wheat board in establishing its overall policy, annual marketing plan, goals, objectives and program priorities. The board also evaluates wheat market developments worldwide to meet these goals.

The board takes actions to strengthen the position of Nebraska wheat growers and the Nebraska wheat industry by working in research, international marketing, domestic marketing, education, promotion and federal policy.

Foreign wheat markets are developed and export sales promoted through U.S. Wheat Associates, a partnership of the board and 16 other state wheat commissions, which has 15 U.S. wheat promotion offices throughout the world, and through Plains Grains, Inc., an organization of hard red winter wheat growing plains states. The board works with organizations such as the Wheat Foods Council and the Grain Foods Foundation to educate consumers about the nutritional value of whole wheat to a healthy diet. The board also invests resources with the Wheat Quality Council and the Nebraska Wheat Growers Association to educate producers on high quality end-use varieties and production practices in order to increase profitability and sustainability. By cooperating with the National Association of Wheat Growers, the board is able to address various wheat quality and trade issues as well as the development of transgenic traits in wheat production, particularly as they relate to federal policy.

The board contracts with the University of Nebraska's Institute of Agriculture and Natural Resources wheat breeding team and USDA-ARS for research on wheat variety improvement in both the hard red and hard white winter wheat varieties. Additional research to combat diseases that affect wheat crop yields and to examine the benefits of biotechnology also is funded. Improving the quality of Nebraska's wheat crop enhances the crop's appeal in foreign markets and increases export opportunities.

The board's programs are financed solely by the state's checkoff of 0.4 percent of the net value of the wheat, assessed on all wheat marketed in the state at the point of first sale.

The board consists of seven wheat growers, including one at-large member and representatives of Nebraska's six districts, who are appointed by the governor to five-year terms. Members must be Nebraska residents, be at least 21 years old, have been growing wheat in the state for at least five years and derive a substantial portion of their income from growing wheat.

The board's nonvoting members are the director of the Nebraska Department of Agriculture and the vice chancellor of the Institute of Agriculture and Natural Resources. The board meets at least once every three months. Members are entitled to expenses while attending board meetings or while performing official responsibilities as determined by the board.
